The senator laughed and raid: "I was quite amused when I glanced over the dispatches and saw that we did not know what hole Anderson would crawl out of next, and although we expected him most anywhere, this particular place, time and circumstances makes it a surprise. His story is the talk of a man in his cups. There is no letter. There is nothing in what he says about that, nor in anything else in that dispatch except perhaps what he relates of Sypher. Sypher was his counsel, and I understand that they have had a falling out. He may be disclosing some of the things which passed be-tween him and Sypher. Anderson is a great to regret their move.

Not Healthy for Them.

From the Circuit Court proceedings of last week we find that the following sentences were passed by His Honor, Judge Boise: Charles Ringo, burglary, two years ; George Edwards, highway robbery, ten years; John Sullivan, George McCombs, safe robbing, five years each; Henry F. Johns, assault with deadly weapons, fined \$100. Among the most interesting of the tentiary. above cases are those of the crowd who came here from California to "make a raise," during fair week, but from the way Judge Boise handled them, we think those who made good their escape, will not think this a very healthy city of guilty as charged in the indictment. for such vagabonds as they, and will make themselves pretty scarce about here in the future. Those who have been caught were dealt P.
