Apples are in demand, average sorts and

Hay is plentiful, worth \$10 to \$12 per ten; selling at \$14 to \$15 per ten. The home demand regulates the price all over the State. and here as elsewhere it sells cheap when stocks are full. Hay is too balky to be bought and stored waiting for a demand.

Butter has dropped to 30 cents per fo for

lownward tendency as the season advances. The wires, that had been down for a day or is, were working Wednesday and we learn rom the Commercial Reporter that the wheat narket abread was firm with prospect of im-

rivals. Iron ships are preferred and are held for 50e to U. K. Wooden vessels are not in demand, and several of the four in the river are not estisfactory to shippers, if iron ships can be had. However, they hold for a high figure. The wheat along the river has mostly been brought down on the late high water. There may be a thousand tons above Corvallis, we are informed. Probably the vessels in the river (six in all) can secure cargoes of wheat or flour. Orders for immediate shipment are 47s per quarter of 500 Rs, and firm

Wheat prospects indicate a good yield for 1879, as much wheat was fall sowed and now

#### Astonishing Success.

It is the duty of every person who has used Ecscure's German Syner to let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Astbma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all druggists to recommend it to the poor, dying consumptive, at least to try one bottle, as 40,000 dozen bottles were sold last year, and no one case where it failed was reported. Such a medicine as the GREMAN SYRUP cannot be too widely known. Ask your Drug-gist about it. Sample bottles to try, 10 cents. Regular size, 75 cents.

#### Enjoy Life.

What a truly beautiful world we live in: Nature gives us grandeur of mountains, glens and oceans, and thousands of means for en-joyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worried out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof that Green's August Flower will make them as free from disease as when born. Dyspepsia and Liver Complaint is the direct cause of seventy-five per cent of such mala-dies as Biliousness, Indigestion, Sick Head-nche, Costiveness, Nervous Prostration, Diz-ziness of the Head, Palpitation of the Heart, and other distressing symptoms. Three doses of Angust Fiewer will prove its wonderful effect. Sample bottles, 10 cents. Try it.

#### Valuable Land for Sale.

Mr. Clarke, of the Fanance, having re goved from Marion County, offers to sell 640 scres of land situated at a point where the Minto Pass Road leaves the valley, in the midst of a thickly-settled and very healthy region, most of the land being ander fence, and at least balf of it can be made good wheat land at a cost of four or five dollars an acre for clearing. It is well wooded and watered and is a region unexcelled for health. The aprovements are of value to a new settler. 'rice \$5.00 an acre. \$2.00 an acre can be left on annual payments for a term of years at low interest. This is one of the best land trades to be made in the State. It is a favorte region for Germans, and several German families could divide it among them. It would make an excellent ranch for sheep and Angora goats, with which it is now stocked.

#### A CARD.

To all who are suffering from the errors and indiscre-tions of youth, nervous weakness, early decay, loss of manbood, etc., i will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discov-cred by a missionary in South America. Send a self-addressed cavelope to the Ray. Joann T. Isaan, Sta-tiem D, Hible House, New York City.
