Last week the committee got possession of some \$20,000, and Charman Thom son appropriated some for general purposes and use of the committee at headquarters. Other members become dissatisfied and refused, to have anything further to do with the campaign, and it is now learned that the liquor men refuse to turn over any funds to the committee and will spend their own money. They say they will work for the State ticket, but are making a fight particularly for Congressmen and will use money in the close districts. THE BARLOW ROAD. THE Mr. HOOD AND BARLOW ROAD COMPANY THE Mr. HOOD AND BARLOW ROAD COMPANY announce this road across the Cascade Mountains, via Tegh Varier, Mr. Hood and Sandy River, is open for travel of all kinds, and in good condition. The company have, the last few years, hence constantly engaged with a large force of men grading the hills or this route, until now they can safely make the announcement that there are now no grades on the road, but that a good average team can easily pass up them eith a con of freight. For cattle and sheep, the road is on-surraissed. Grass is abundant—carrals at east intervals, and show bridges over all small streams. Only 48 miles of mountain travel. Distance from Barlow's Gatal to Porthan, 7s miles. Suppoly stations at White River, Sumenit Prairie and the Tell Cate. Tolk reasonable. A magnificant view of Mt. Road is not the least-streams of the road.
