STATE & TERRITORIAL NEWS.

Says an exchange: Wheat kept on going out of the country until now our millers are at a loss to know where to obtain enough for home consumption. It brings now from 72 to 75 cents per bushel, and even at that good price, farmers rather hold on to it, than let it go, because they expect a little more.

Cattle will be cattle next spring. Indeed, a good fat steer is no "sardine" now, and brings forty and fifty dollars without a struggle. A few years ago stock could be bought for a song, but it takes coin now.

Mr. W. S. Ladd is engaged in opening a model dairy farm upon his farm at Reedville, model dairy farm upon his farm at Reedville, which will eclipse anything of the kind on the Pacific slope. His herd will consist of seventy cows of the Jersey and Holstein breeds, forty of which are already in stall. A patent machine propelled by a two-horse power engine will be brought into service for separating the cream from the milk. As soon as milking is done the lacteal fluid is poured immediately into the machine, and in a trice the rich cream pours from one spout and the skin milk from another. The latter can be used for making cheese and the former gilt edged butter. The invention is English, and is said to work to perfection. The whole establishment will be perfection. The whole establishment will be under the management of a gentleman from across the Atlantic, who fully understands all the details of the business.

Walla Walla Statesman: The fruit crop was so abundant the past scason, even in this city, that quite a number of trees are still laden with their golden crop of apples. We wished many a time that the Cascade branch road was built, so that the people of Yakima county could avail themselves of the low ruling rates in this locality. Apples are a luxury that commands from tive to seven cents per pound over there.

The editor of the Pomeroy Republican has The editor of the Pomeroy Republican has had a chicken for dinner recently. This fact is not so strange as the finding of the following articles in the gizzard: "8 carpet tacks, I double headed tack, I piece of porcelain a half inch square, 3 pins, I wire ring, I cartridge shell, I piece of safety pin, I Odd Fellow's shift stud. He was a spring chicken and accumulated the articles enumerated in his short life of six months." This was one of the worst a-tacks on animal life that we have heard of.

The Bedrock Democrat says: Stockraisers are trying the vaccination of calves with garlic as a preventative of blackleg with apparently good results. The garlic is inserted under the skin and produces a running sore, which brings out all impurities of the blood and rescues the animal from the rayages of this dreaded disease. It is believed that this will prove efficacious.

There is plenty of timber land yet untaken on Puget Sound, says the Argus, if you only know where to find it. Parties desiring timber claims should inquire for and make the acquaintance of a "timber cruiser," who will put the applicant on the track of a claim for. ay, \$50. There experts or cruisers have tell knowledge of vacant timber lands, and if you apply to the right parties they will show you a claim of five or six million feet of timber for the small sum of \$50; then you go to the land office and file thereon, and after the usual public terior of the small sum of \$50; then you go to the land office and file thereon, and after the usual public terior of the small sum of \$50; then you go to the land office and file thereon. lic notice of ten weeks prove up and pay for it at the rate of \$2.50 per acre and the land is yours, at an expense of about \$500. HARRISBURG, Or., Dec. 31, 1879.

Some three months ago I was attacked with a severe p in in my back. I bought a package of Original Kidney Tra, and by the time I had used one-half of it was entirely relieved and have not been troubled since. I cheerfully recommend it to all who may be suffering from a lame or weak back, as a pleasant, sife and good remedy.
