OREGON STATISTICS FOR 1882.

Compiled from Assessment Returns in the Office of Secretary of State, Salem, Or.

Table with multiple columns: County, Area, Value of Land, Value of Improvements, Total Value, etc. Lists counties like Baker, Benton, Clatsop, etc.

NOTES.

Discrepancies in figures returned by Assessors will account for discrepancies in foregoing table. Equalizations by County Board also make some difference, and as they were of small amount this table gives the original returns of Assessors.

Southern Oregon.

Southern Oregon is entering upon a period of great prosperity. All that is needed to make our valleys populous and wealthy is the construction of railroads.

The Diamond dyes more coloring is given for 10 cents than in any 15 or 25 cent dyes, and they give faster and more brilliant colors.

It is better prepared than ever before and opens the spring season of 1883 fully equipped with the best skilled labor procurable at the West and it is the best material found in the world.

feet, making at most favorable moments for navigation not more than seventeen feet of water. The sum appropriated for the improvement of the harbor was \$70,000. The construction of a jetty from the south side of the bay was begun, and at present is being built at the rate of two feet a day.

REDDING'S RUSSIA Salve has genuine merit, as all who use it will testify. Price 25 cents. Try it.

All the schools in Germany have decided to adopt the new method of spelling.
