

Carefulness

Probably more than any one word expresses the manner in which we conduct business.

There is no room for errors in a drug store, a mistake might prove fatal.

Much is also expected from the use of drugs—Sickness and disease are supposed to yield to the curative properties.

In view of these facts we are careful in the selection and preparation of all our drugs and compounds.

We buy the purest, and are careful to keep them in the most perfect condition. So in purchasing drugs from us you can depend that you have the best it is possible to obtain.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The Union Construction company is the name of a new corporation organized under the laws of Arizona, with a capital of \$100,000. The company is supplemental to the Randsburg railway company, formed several months ago for the construction of a railroad from Kramer, on the Atlantic and Pacific railroad, to Randsburg, twenty-seven miles. The company states that the new road will be in operation by August 15th.

Augustus A. Garrison and Frank Jones were killed and Tom Jones mortally wounded in a battle which took place in the Methodist cemetery at Pleasant valley, Tex. Garrison killed Frank Jones and was then shot by Tom, a brother of Frank. Before dying he mortally wounded Tom Jones. A young lady had been wounded by Tom Jones and Garrison determined to avenge the wrong.

The details of the recent total loss of the Philadelphia bound British sugar bark Traveler at Port Mathurin, Rodriguez island, and the death from Java fever of ten members of her crew, including Captain Christie, have just been received, and bring to light one of the most thrilling cases of shipwreck and suffering in the annals of shipping. Two men committed suicide rather than await the fate that was in store for them. One by one the men died off until the mate and second mate spared, and the former finally succumbed to the dreaded disease. Captain Christie, the commanded, and seven men had died and their bodies had been cast over the ship's side. The ship finally got to Matchurin, but before aid could be secured to land, a gale sprung and drove the vessel on the rocks, where she is a total wreck.
