The Oregon Land Company has leased the evaporator of the Salem Canning Company, and is building several evaporators of its own. It expects to handle 2000 bushels a day of fruit and vegetables, with a special view to the Alaska demand, for which orders are already on hand. The Sunnyside Fruit Company, an auxiliary company, evaporated 300,000 pounds of prunes last season.

Very Rich Decomposed Quartz.

Mr. J. P. Jennings exhibited in Cottage Grove last week a pan of decomposed quartz from the Gold Bluff mine, near Riddle. Great strings and chunks of gold could be seen all through the dirt, although not more than half panned down. There was probably \$22 or \$23 in the pan. Mr. Jennings says there is enough ore in sight, and on the surface at that, to run a 20-stamp mill a year.
