The First Volume Now Complete.

With this number, the NEWS com-
pletes its first volume of 52 papers.
Next week we will start the second
volume. We have received patron-
age, far in excess of our expecta-
tions, and now only hope, the future will
continue as in the days gone by.
Quite a number of our subscribers
time will expire next week. Your
papers are marked this week, and,
unless you renew your subscription,
next week's paper will be your last.
We do not impose upon your good
nature, as do our contemporaries,
by sending the paper on, and bring
in our bill a year or so hence.
Sometimes we find people who do
not have the change to spare at
the time, who want the NEWS. If
this is your case, notify us, and we
will arrange to fit your case some
way.

The NEWS is now thoroughly es-
tablished and whether or not it is
appreciated by the community, will
soon be decided. If you take an
interest in the building up of Gold
Hill, you should help support your
home paper. It is an already dem-
onstrated fact that a town without
a newspaper is not a live town. It
is also a fact that the more patron-
age a paper gets the better the pa-
per. We only hope we may be
able to increase the size and quali-
ty of the paper; but unless we are
liberally patronized, we will con-
tinue to bight off that only which
we are able to chew. May we con-
tinue sending you the NEWS? It is
for you to decide what the NEWS
shall be and do during the coming
year. It is only hope you will de-
cide for the good of the town and
community. Which will you do
take a step forward or backward?
