VOLUME TWO.

With this number the NEWS starts in on its second year and we are still eating three meals a day and have a roof of our own, under which to lay our heads at night. The fellow who traveled around last spring, telling the good people that the NEWS could not make a living in Gold Hill, and that it would collect all we could on subscriptions and skip out, was just mistaken, that's all. Of course he would not lie for he used to be a minister of the gospel. We have a few enemies; and quite a number of friends, the kind that a fellow needs. For the enemies, they are the kind for whom we don't give a darn, and in this respect honors are even up. The paper has once been enlarged and improved in many ways. We hope ere another year rolls by, we will have sufficient patronage to justify another change.

When we started in, we did not bite off more than we could chew. The NEWS was small on the start. We did not have a single subscription to start with, and have run on strictly a cash in advance basis. We could have had more than thriffling the number of names on our mail list if we had of pursued the policy of the other papers of the county, but we prefer the policy we started with. If we get our money in advance we can give our readers a better paper for we do not have to waste time in collecting that should go in rustling news.

We have bought property here in Gold Hill and have fixed up a comfortable little home. The NEWS is a permanent fixture. We have come to stay. Now if you think the paper is a benefit to the town and county, you should help support it by sending in your subscription. The price is only \$1 cash in advance, and will be appreciated by the publisher. Thanking our many friends for their liberal patronage and kind treatment during the past year we make our bow for

this our first number of the second Volume of the NEWS.

The snow.

The beautiful snow.

Six inches of snow fell in the valley the first of the week.

Renew your subscription to the NEWS this week. It's worth all we ask for it, \$1 per year.

California has had another foul murder, but the villain in this case admitted his guilt, but it will be a long time before he suffers the penalty of the law. George Clark shot his brother in cold blood and then later confessed to his guilt.

"The old saying that it takes all kinds of people to make up the world, has been exemplified up at Jasper," says the Eugene Register. "A sneak thief there last Sunday stole a birthday box containing the birthday penny offerings of Sunday school children. The box contained \$1 61, but to the children who donated it the loss is as severe as thousands would be to the banker. There is no clew to the thief, although the Jasper people would like very much to find him."

There is some talk of an extra session of the legislature now that Corbett failed to get his seat in the United States senate. It surely must be all talk for no one can assign any reason why the same members should be called together to make another farcical show of themselves. There is at present nearly \$1,000,000 in the state treasury and approximately one-half million to be added by the 3½ mill tax just ordered by the state board. It is deplorable that the state has so much money on hand and at the same time paying 8 per cent interest on outstanding warrants. The legislature might meet, provided they could organize, and make some disposition of the funds on hand that interest might cease, but better pay interest than pay such legislators for their services.—Ex.

\$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

"Tied Up In One Man."

If the legislature of a state is so tied up in one man that it would rather have the state go unrepresented than elect any one else to the position, the United States senate is not to blame. With the Oregon legislature it was Mitchell or nothing. Is it probable that history is to repeat itself in our state at the next campaign?

Everybody Says So.
