

"Saved Her Life."

MRS. JOHN WALLEY, of Jefferson, Wis., than whom none is more highly esteemed or widely known, writes: "In 1890 I had a severe attack of LaGrippe and at the end of four months, in spite of all physicians, friends and good nursing could do, my lungs heart and nervous system were so completely wrecked, my life was despaired of, my friends giving me up. I could only sleep by the use of opiates. My lungs and heart pained me terribly and my cough was most aggravating. I could not lie in one position but a short time and not on my left side at all. My husband brought me Dr. Miles' Nervine and Heart Cure and I began taking them. When I had taken a half bottle of each I was much better and continuing persistently I took about a dozen bottles and was completely restored to health to the surprise of all."

COUNTY SCHOOL NOTES.

BY SUPT. G. A. GREGORY.

A number of teachers took active part in the musical convention.

The next local institute will be held at Central Point, January 14th.

Christmas is over and now pupils and teachers will enter upon their work with renewed energy. Nearly half of the school year has passed.

Walter Ferguson boarded the conveyance of W. W. Willits last Saturday morning and left for the fragrant fir forests on Rogue river, there to spend three months with the pupils in district 80.

And now Independence district is happy over the result of their library entertainment. \$20.60 was the neat sum realized and the county superintendent has been asked to select books for the school.

The school board in district 14 takes an active interest in the library that was procured by the entertainment by the pupils of the district. A neat substantial book case has been procured and now the pupils will take pride in keeping those new books clean and in order.

A very pleasant scene was witnessed recently in Prof. Washburn's school room in Ashland. After the girls and boys had decorated the room for Christmas, the work was duly admired but the door did not look well with the litter left. Instead of leaving it for the janitor or someone else to clear up, they removed it. Upon inquiry it was learned that pupils there are taught to take care of such matters themselves and not impose an extra task on others. This is as it should be and doubtless many other teachers in the county are insisting that their pupils shall be neat, careful and thoughtful of others comfort. The true teacher looks after these matters as well as intellectual culture.
