Henry Baker Proprietor

GOLD HILL, OREGON

SELECTIONS

Have you lifted the lamp for others That has guided your own glad feet? Have you echoed the loving message That seemed to you so sweet?

F. R. Havergal.

The tyrant, it has been said, is but a slave turned inside out.—Samuel Smiles.

Education is a capital to the poor man, and an interest to the rich man.—Horace Mann.

A remedy for caked bag that will not taint the milk is composed of equal parts of lard and honey; heat and rub in well.

When in Grants Pass, and your eyes need the services of a first-class oculist, do not forget to call on Dr. C. S. Evans.

The only faith that wears well and holds its color in all weathers is that which is woven of conviction and set with the sharp mordant of experience.—J. R. Lowell.

"Water the garden with a rake" may with profit be changed to "Water the orchard with a harrow." During dry weather it will pay to frequently run the harrow through the orchard.

Fowls that have been allowed to become overrun with lice, and left in that condition for months, will be a losing investment to their owner and a disgrace to the premises; they will become poor and bloodless, moult will be retarded and their condition will be such as to invite any or all the ills to which poultrydom is subject.

When hogs are being fattened in pens, there should always be two apartments—one for feeding, the other for sleeping. The one should be cleaned daily and the other well littered with straw, and the straw removed as often as it becomes dirty. A rubbing post in the inclosure will be of advantage. Also place in a trough, under shelter, a mixture of pulverized charcoal, ashes and salt.

Stewed Cucumbers.—Pare the large cucumbers, cut lengthwise into four parts, and remove the large seeds. Soak them half an hour in cold water. Cook in boiling salted water to cover until tender. Drain off the water; add a little butter, salt and pepper, and, when well heated, serve on toast; or make a thin white sauce and pour over them. This is worth trying.

The young sow, bred for the first time, should be treated differently from the matured sow, as regards the amount of feed given. She should be fed all she will eat up clean, of shelled oats, shorts, bran and a little oil meal, with about two ears of corn daily, as there is little danger of her becoming too fat; a greater part of the feed consumed and assimilated going to make growth, and to supply nourishment for her young.

Portland Beer on draught at Malven's.

Try Dr. Wood's Laxative Fig Tablets at Eastman's. Dr. Wood's Laxative Fig Tablets cures constipation. At Eastman's.

BEE DIVES EXPOSED TO HOT SUN.

Thin hives placed directly in the sun during the warmest part of the season are in danger of destruction by the combs melting down in a heap. A temporary shade of some kind should be used during the warmest part of the day, and a board placed in such position as to shield the hive at this particular time.

SCALY LEGS.

Scaly legs can be cured readily. Put a little soda into warm water, with this wash the legs thoroughly by the aid of a stiff brush and some good soap. Do this daily, and after each washing dry the legs thoroughly and rub on a mixture of vaseline and zinc ointment, or use a mixture, viz; Three ounces of sweet oil and one ounce of sulphur. Follow this up until the legs are cured.

To keep the legs of fowls and chicks clean and bright in color, use the sulphur and sweet oil as often as once every two weeks on every chick in the yard, old and young.

"I have used Chamberlain's Cough Remedy in my family for years and always with good results," says Mr. W. B. Cooper of El Rio, Cal. "For small children we find it especially effective." For sale by Ben Haymon, Rock Point, or Emery J. Eastman, Gold Hill.

FOR WARTS.

Salicylic acid, fifteen grains; lactic acid, fifteen minims; flexible collodion, two drachms. Mix and apply night and morning.

YOU TRY IT.

If Shiloh's Cough and Consumption Cure, which is sold for the small price of 25 cts., 50 cts., and \$1.00, does not cure take the bottle back and we will refund your money. Sold for over fifty years on this guarantee. Price 25 cts. and 50 cts. Gold Hill Drug Co.

Before purchasing jewelry elsewhere call on I. E. Deboy and examine his new stock of Rolled plate and Gold filled goods, each article is guaranteed to wear for three years.

A good, cheap and effective insect powder can be made as follows: Two pounds of tobacco dust, two pounds of sulphur, one ounce of carbolic acid. Mix and allow to stand twenty-four hours, when it can be pulverized and be ready for use. This proportion could be mixed with an equal quantity of fine road dust and still be strong enough for the purpose.

When a splinter has been driven deeply into the hand it can be extracted by steam. Nearly fill a wide mouthed bottle with very hot water, place the injured part over the mouth and press it slightly. The suction thus produced will draw the flesh down, and in a minute or two the steam will extract splinter and inflammation together.

Our baby has been continually troubled with colic and cholera infantum since his birth, and all that we could do for him did not seem to give more than temporary relief, until we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. Since giving that remedy he has not been troubled. We want to give you this testimonial as an evidence of our gratitude, not that you need it to advertise your meritorious remedy.—G. M. Law, Keokuk, Iowa. For sale by Ben Haymon, Rock Point, or Emery J. Eastman, Gold Hill.

CAN ANY ONE TELL WHY?

A brooklet is a little brook
Coursing down the shady dell;
A booklet is a little book—
Tales of love they tell;
A streamlet is a little stream
Which reflects the summer's sky;
But a bullet is not a little bull—
Can any one tell why?
Harper's Bazar.

YOUNG MOTHERS.

Croup is the terror of thousands of young mothers because its outbreak is so agonizing and frequently fatal. Shiloh's Cough and Consumption Cure acts like magic in cases of Croup. It has never been known to fail. The worst cases relieved immediately. Price 25 cts., 50 cts. and \$1.00. Gold Hill Drug Co.

There are to be several lectures at the Chautauqua July 11-22 any one of which would richly repay every teacher to hear. If the teachers of the county are to advance with the general public and keep ahead of the bright young people they must take advantage of such opportunities to broaden their views. Hear Sam Jones, Frank Beard or John De Witt Miller. Get among the intelligent and cultivated people such as gather at the Chautauqua and you will feel the influence for a year. Write to G. F. Rillings, of Ashland, for a program then turn your face toward the cool shade and sparkling water of the beautiful Chautauqua grounds.

SPECIAL RATES TO PORTLAND.—The S. P. Company have made the special low rate of \$9.40 to Portland and return for all parties who wish to visit the city during the next week when the Second Oregon returns from Manila. These tickets are good for three days in the city. For further particulars call on the agent of this city.

MANY A LOVER

Has turned with disgust from an otherwise lovable girl with an offensive breath Karl' Clover Root Tea purifies the breath by its action on the bowels, etc., as nothing else will. Sold for years on absolute guarantee. Price 25 cts. and 50 cts. Gold Hill Drug Co.

A quiet wedding took place at the parsonage of Rev. Adolph Haberly, Presbyterian minister, Sunday afternoon at 1 o'clock. The bride, Miss Anna Rebecca Gilber, is a Jackson county girl, though she has for several years resided at Crescent City, Cal., where she graduated from the high school and afterwards taught for five years with marked success. Her parents were among the early settlers, her father having settled here in 1853, and her mother in 1864. The fortunate groom is William Francis Wulf, of Crescent City, one of the wellknown and successful business men of that place. Mr. and Mrs. Wulf took the evening train for Grant's Pass, from where they will proceed by stage to Crescent City and begin housekeeping at once in a neat home provided by the groom.

By special arrangements we are able to offer the Weekly Oregonian and the News, both papers one year for \$1.50. The regular price of which is \$2.50. This offer is good only until September 1, 1899. Send all orders to the News, Gold Hill, Oregon, with money order for same.

Twenty-two different flavors in chocolate candies at the Racket store.

Our candies are always kept fresh at the Racket Store.

STATE NEWS NOTES.

It is estimated that \$275,000 has been paid Heppner woolgrowers for wool since June 1.

John M. Tice, of Canby, holds a carrier pigeon that came to his farm Monday. The bird wears a silver band, on which is the number R 2511.

At Cottage Grove a proposal to vote an 8-mill school tax for the purpose of carrying on an eight months' school was defeated by a vote of 58 to 19.

Fire destroyed the grist mill of William Eriom, two miles from Silverton, Wednesday. The loss is \$4000, with \$2500 insurance. Cause of fire unknown.

The Salem Orphans' Home will be closed. The managers will find homes for the children now in their charge and then abandon the work. This action was made necessary on account of lack of funds.

Willie, the oldest son of Rev. J. V. Milligan, formerly of Ashland, recently arrived in China, after a long and dangerous voyage. He was out of sight of land for 167 days, and the vessel was supposed to be lost.

The ranks of the pioneers of Southern Oregon have thinned out more rapidly than ever during the past year. Of the eight people buried in Jacksonville cemetery during the past month, nearly all were old settlers.

Cougars are said to be dangerously numerous in Columbia county this year. Persons traveling the roads at night have had narrow escapes from the animals. Farmers report loss of stock from the depredations of the cougars.

Ole Olson was convicted in Justice Miller's court, at Roseburg, Friday, of unlawfully transporting deer hides. L. Deach, proprietor of the Roseburg tannery, was convicted of unlawfully handling and converting them into merchandise. It is said that other arrests will follow.

A frightful train wreck occurred at Newman, near Los Angeles, Cal., on Monday in which two ladies were killed and eight wounded, some fatally. The train was a special from St. Louis bringing delegates to the National Educational Association that is holding a convention at Los Angeles.

Albert Johnson, a youth of West Chehalem, has designed and put into operation a plan for mowing hay with pulleys and fork. The rear end of the rope is hitched to a windlass, and a man winds it out as the team pulls. When the load reaches the highest elevation, the fork takes a spurt to the point desired in the hay-mow.

News was received Tuesday from Bohemia of another rich strike of free gold in the Music mine. This strike was made in the west end of No. 2 level, which has 800 feet of tunnel. The vein is four feet wide and the gold is visible to the eye. This find is richer than the Helena, as the gold is heavier and solidier than the quartz. This property was recently sold to Montreal and New York parties for \$150,000. I. H. Bingham, of Spokane, has charge. The property has about 3000 feet of tunnels, and one five and one 10-stamp mill, which are in operation day and night.
