Remember there can be no registration after May 15, neither for the state election in June nor for the Presidential election in November. After May 15, there will be the long, tedious and expensive process of getting the testimony of six witnesses as to your qualifications, and the witnesses must be freeholders. The simple and easy way for the qualified voter is to register at once. There are yet many voters in Jackson County not registered. Avoid the rush during the last days by registering now. And if you are not registered it will be no easy task to furnish the proof, after May 15, that you are a legal voter. Remember also that it will cost you trouble to vote in the Presidential election, if you do not register now.

The public debt decreased \$6,000,000 during the month of March.

"Poor old Dewey," says William Allen White. "He and Adam can sympathize with one another. 'The woman tempted me and I did eat.'"

"It is only on election day," says an exchange, "that one man counts for as much as another." And then he won't unless he has registered in time.

About 60 per cent of all the agricultural products of the United States finds a market in Great Britain. One would think that this would form a strong bond of sympathy between the two nations.

Germany, which comes next in point of importance, buys only one-fifth as much from us as England does.

It is reported that all the gun and ammunition factories in the country are working overtime. They are probably stocking up for the Kentucky election.

Great preparation for war are going on in Russia. All messages in regard to movements of troops are censored and all officers are denied leaves of absence.

From their point of view the anti-expansionists would be justified in hanging Christopher Columbus in effigy. He really had no business to discover America in the first place.

A man may visit the seaside with his bathing suit stowed away in his vest pocket and mingle on the sands with the devotees of society, clad in abbreviated habiliments, yet were he to appear in a drawing room arrayed in bifurcated adornment society would have one prolonged fit of hysterics.

"There are," says a disgusted Kansas philosopher, "women with noses like an ant eater, voice like a cat fight, faces like rank poison, to the naked eye, feet like pancakes, chest like ironing boards and necks as long and stringy as poor land potatoes, who go around lecturing on dress reform and wearing clothes that would make a freight train quit the road.

"Cyclone Davis" the noted orator from Texas was in the city Tuesday night and spoke for the democrats in I. O. O. F. hall. From all accounts the democrats of this section were not very well pleased with his argument on the financial question. Putting it in the language of one of them, "his speech was as good a republican sermon as has been delivered in this county since '96." It was rather a frost to the democratic brethren.

In New York, any woman wearing a hat decorated with a bird, is liable to a fine of \$60, or \$25 for such use of any part of a bird. This may be a case, like that of "hats off" in theaters, where law will prove superior to the whim of fashion—especially as there is a strong, healthy and growing public sentiment against the destruction of birds.

Gossip has made many a hell on earth. Gossip has parted many husbands and wives. Gossip has blackened and sullied the characters of many girls. Gossip has parted lovers who would have been happy had it not been for it. One little misstep or one indiscretion will cause gossip to arise with new strength and start on her mission. Her did we say? We ought not to, for we have male gossippers and as a rule they are ten times as venomous as a female. A good healthy gossip is about as mean and low and dangerous as the meanest thing on earth.—Ex.

At the June election the amendment to the state constitution conferring the election franchise upon women will be before the people. Its stands little show of being ratified by the voters of this state. There are, of course some advocates of the amendment among the women but much the greater number of thinking woman are of opinion that the duties and responsibilities of women should not be added to, but on the other hand the women should strive to accomplish all they can for society in their proper sphere and with their present privileges and opportunities.

The republican legislative ticket for this county is composed of good men, and will be elected.

Clark says he will not give up his seat. Money talks—through its hat, sometimes.—Oregonian.

"Cyclone" Davis Talked Too Much.
"Cyclone", Davis was introduced to a small audience of 70 people in the City Hall Monday and talked for 2 1/2 hours on the money question, the classes and masses, and imperialism. He talked so long that he missed his train, and was compelled to go to Medford by private conveyance, where he had engaged to talk at 8:30 o'clock.—Tidings.

The Lebanon Criterion says that J. W. Medford arrived there one day last week, direct from Ohio, looking for a place to locate, but unfortunately for him the day he arrived was rainy, and some one, out of mischief, told him that they hadn't been able to see the sun for the past three years, which so frightened him that he took the next morning's train for the East.

W. A. Carter, the republican nominee for representative was in Ashland, Monday, to visit and hear Governor "Bob" Taylor, of Tennessee, who is a blood relative of Mr. Carter's. Mr. Carter possesses some of the same oratorical powers of his distinguished relative and will be heard from on the hustings during the campaign.—Tidings.

Pneumonia is one of the most dangerous and fatal diseases. It always results from a cold. Chamberlain's Cough Remedy will quickly cure a cold and perhaps prevent an attack of pneumonia. It is in fact made especially for that ailment and has become famous for its cures over a large part of the civilized world. It counteracts any tendency of a cold toward pneumonia. Can you afford to neglect your cold when so reliable a remedy can be had for a trifle? For sale by Emery J. Eastman, Gold Hill, or Ben Haymond, Rock Point.
