A BLAMED SIGHT WORSE.

A bachelor, old and cranky,
Was sitting alone in his room!
His toes with gout were aching,
And his face o'erspread with gloom.
No little one's shouts disturbed him,
From noise the house was free;
In fact, from attic to cellar
Was quiet as quiet could be.
No medical aid was lacking;
The servants answered his ring,
Respectfully heard his orders,
And supplied him with everything.
But still there was something wanting,
Something he couldn't command;
The kindly words of compassion,
The touch of a gentle hand.
And he said, as his brow grew darker,
And he rang for the hireling nurse,
"Well, marriage may be a failure,
But this is a blamed sight worse!"

Those in favor of woman suffrage are making an active and systematic fight for the adoption of the amendment to the constitution which is to give them a right to vote. THE NEWS is not in favor of this amendment, and recommends that it be defeated. Unless those who are opposed to it vote their sentiment the amendment will be ratified, for want of opposition. Not to vote on the proposition is equal to a vote for it. The voter should bear this in mind.

A GAME OF SEE-SAW.

Money makes the mare go, and money goes when the Democratic donkey is running. Watch our per capita circulation dwindle away during President Cleveland's last term:

1894.	1895.	1896.
\$24.28	\$22.93	\$21.10

Now watch it grow again while the Republican team of thoroughbreds—Protection and Prosperity—are in the traces:

1897.	1898.	1899.
\$22.49	\$24.71	\$25.60

A pretty game of see-saw, isn't it? Down, down, down goes the money circulation under Democ-

racy, and up, up, up it goes during a Republican Administration—Sentinel.

On page 550 of Bryan's book, "The First Battle," is found this display of financial insight and foresight: "The gold standard means dearer money; dearer money means cheaper property; cheaper property means harder times; harder times means more people out of work; more people out of work means more people destitute; more people destitute means more people desperate, more desperate people means more crime." Now that seems like good logic but we know it is not. The present times testify to that fact. The error appears to be in the statement. The gold standard does not mean dearer money. The gold standard means staple money, and with staple money, safe money, sound money, all other financial industrial and moral advantages follow.

G. A. G. sells school furniture and supplies to the dear people at cost and in incidentally school superintendent. G. A. G. must have institutes for the dear teachers every month of the first year of his reign, they were so essential, when he, G. A. G. drew \$3 a day and mileage for attending them. In the second year of the reign of G. A. G. the Great, when his salary is fixed, with no rake offs except on school supplies, he has held only one institute and yet the school law plainly says four shall be held every year.—Record.

Mr. C. B. Watson, the republican candidate for district attorney is an able officer and has served the people in that capacity with justice and ability during the past two years. Every one who knows him will say he is in every way entitled to a second term. A prosecuting officer who gets through a term of two years without making some enemies is unworthy of re-election because that would imply that he had not prosecuted crime with that vigor which is sure to arouse the enmity of law breakers.

No, says Bryan, I have not dropped silver. It is still the paramount question. So is imperialism, and so are the trusts. This country is strong enough to enact free silver without the aid or consent of any other nation on earth; but it is not strong enough to expand with the aid and consent of every other nation on earth. So I

will never drop silver until silver drops me—and I will take up imperialism and the trusts because they are good things to howl about.

Some if not all of the requisites of manhood must be lacking in a man who goes into a convention asking a nomination from his party and plays the baby act, when he is turned down. G. A. G. was honestly defeated in the republican convention and his friends moved to make the nomination of his opponent unanimous yet little G. A. G. won't play with the boys anymore, but starts a game of his own.—Record.

Alex Orme, the republican nominee for sheriff is so well known that it is difficult to say more in his favor. He is a genial whole souled man of the people and the convention did the right thing in giving him a re-nomination. He has performed all his duties for the two past years with that spirit of fairness and good sense, as to make a host of friends.

A few months ago the democratic newspapers were uneasy because they feared the Dingley law would produce a deficiency of \$140,000,000 a year. Now they are uneasy because they estimate there will be a surplus in 1901 of \$152,000,000. A democrat on "Easy Street" while the republicans are in power would be an anomaly.

Tortured a Witness.

Intense suffering was endured by witness T. L. Martin, of Dixie, Ky., before he gave this evidence: "I coughed every night until my throat was nearly raw; then tried Dr. King's New Discovery which gave instant relief. I have used it in my family for four years and recommend it as the greatest remedy for Coughs, Colds and all Throat, Chest and Lung troubles. It will stop the worst cough, and not only prevents but absolutely cures Consumption. Price 50c and \$1.00. Every bottle guaranteed. Trial bottles free at E. J. Fastman's drug Store.

In one school district G. A. C. told the directors how dear the school was to him and that he was only selling desks to save the dear people's money. The other fellow got the contract and made \$30. Query: How much would G. A. G. have lost if he had been awarded the contract?—Record.

To The General Public.

As the regular Democratic nominee for County School Superintendent of Jackson county, in justice to myself and for an explanation to the voters, I wish to say I am always pleased to meet you and form your acquaintance, but at present this pleasure is denied me as I am busily employed as principal of the Central Point school and will be till May 25, after which time I will endeavor to meet many more of you.

I am and always have been a consistent democrat, but if I am elected to the office of County School Superintendent, I will perform the duties of the office in a nonpartisan manner.

Respectfully,
L. A. STOCKING.
