Wednesday night after the congregation had been dismissed and the janitor had turned down the lights and left the church, one of the large Rochester lamps which had not yet gone out, exploded and had it not been heard by some of our citizens who immediately returned and extinguished the burning oil, a large portion of our town would probably have been burned.

Wouldn't it be a pretty "how-de-do" if Oregon should declare against expansion in June, by electing a democratic congressman or a legislature that would send a democrat to the United States senate? Oregon, the state of all others that must reap benefits from the policy of expansion! Oregon, which desires the construction of the Nicaragua canal and whose great future is bound up in supplying the markets of the Orient! No Oregonian should think of voting for a democrat for congress or the legislature this year—no matter what may have been his political affiliations heretofore.

There will be a big time in Medford on July 4th—bigger than ever before. There will be a balloon ascension, a ball game, races of several kinds, games galore, a dance all day and all night, fireworks in the evening, a street parade of floats, two bands—gee, whizz! can't tell you all this week. Just wait until we get all our men elected to office—then we'll give you particulars.—Mail.

Flour, feed and potatoes at Kenney's.

Rough or dressed lumber, lath, shingles, mouldings, doors, windows, and in fact anything you will want in the line of building material, at factory prices, see T. J. Downing, agent for the S. P. D. & L. Co.

The republican candidate for county clerk is not working any "poverty racket" on the people of Jackson county to secure an election. He does not view the office as a charitable institution for the support of those who are unable to make their livelihood in other walks of life. Nor does he offer "failure in business" or "I need the office" as a reason why he should be elected. He stands on the record he has made in the clerks office as a painstaking and obliging official and as an officer capable of properly handling the office. County Clerk Gus Newbury has served the people of the county one term as county clerk. Not even his enemies have come forward to complain of the management of the office. No desire for a change from the present management this year comes from any source but that coming from those who wish to secure the office. The custom of giving every man who properly conducts his office two terms in that office will not be changed this year, for the re-election of Gus Newbury is freely predicted, and is assured.—Record.

A Card of Thanks.

I wish to say that I feel under lasting obligations for what Chamberlain's Cough Remedy has done for our family. We have used it in so many cases of coughs, lung troubles and whooping cough, and it has always given the most perfect satisfaction, we feel greatly indebted to the manufacturers of this remedy and wish them to please accept our hearty thanks.—Respectfully, Mrs. S. Dory, Des Moines, Iowa. For sale by Emery J. Eastman, or Ben Haymond, Rock Point.

The imperialist alarm which the Democrats are sounding this year will not frighten the people away from their fertile fields, fat flocks, crowded workshops, growing industries, profitable employment and general prosperity. They know a good thing when they see it and they have found one in Republican good times.

The Democrats fooled a large number of the people four years ago with their cries of the gold wolf that was coming to devour them. Instead of a ravenous wild beast, the people have found a peaceful pack animal, heavily laden with gifts for them. The calamityites have cried "wolf" so often that the people have lost confidence in them and their woeful prophecies and refuse to believe their warnings.
