been received at Eugene, and
weighed 60 pounds to the bushel.

ed eight-page quarto. Subscription

Nebraska has an esteemed citizen
named Bagwind, but there is a
more distinguished citizen of that
state who in the estimation of many
is better entitled to it.

Herbert Winslow, the Klamath
jail-breaker, made a second and
successful effort sawing off an iron
bar with a nicked pocket-knife. It
is thought he reached California.

Chas Burgdorf, an old time resi-
dent of Clamath county, who lives
on a large ranch eighteen miles
from Klamath Falls, committed
suicide last Thursday by hanging.

Harney County's Clerk advertise
a list of warrants, which will be
cancelled if not called for in 60
days after July 1, 1900. They were
issued prior to 1896, and amount
to \$111.20.

A Heppner firm with flour and
bacon to sell advertises that "grouse
will ripen in the Blue Mountains
inside of another month, and rolled
in flour and fried in bacon juice
they are delicious."

Most accounts agree that the col-
lapse at Nome is about as great
and sudden as the rise and spread
of the boom. Thousands are more
anxious to leave that region than
they were a few months ago to get
there.

This is a bad season in Eastern
Washington for the hobo. Farmers
in the Palouse country are report-
ed to be hiring not only every
available man who comes along,
but are watching freight trains to
route the "tourist" from boxcar and
breakbeam with an offer of entic-
ing wages to work in harvest fields
and help save the wheat crop.

There may be no exactly "up-to-
date" newspapers in Pekin, but the
Pekin Gazette is said to be the
oldest newspaper in the world,
though journalistically it is not of
the yellow variety. It has been
issued regularly since A. D. 1351,
and publishes exclusive court re-
ports, that are not for sale to for-
eign journals at any price. Per-
haps in the near future some en-
terprising American can secure it
and change its "policy."

A mule that can sing "Peek-a-
Boo" and "Home, Sweet, Home,"
is one of the proffered attractions
for the Portland Street Fair and
Carnival. Its owner writes to the
Oregonian from Baker City as fol-
lows:

"I have an attraction that might
be a good thing for the Elks' street
fair in your city, in September, and
I would like to know the proper
person to write to in regard to it.
I have a mule that is a regular
steam calliope. He will bray every
time you twist his tail, and by
practice I have got so I can play
such simple tunes as 'Peek-a-Boo',
'Home, Sweet Home,' etc. All I
would ask would be my expenses
for myself and mule to Portland
and back. Please let me know the
proper person to write about it."

"Twenty dollars a month on a
farm, is very much better than \$35
a month in a city store. As a gen-
eral thing at the end of 9 months
the former has \$150 in cash, three
pairs of overalls, a pair of 'galluses'
and a straw hat, while the latter
has two or three suits of clothes, a
pair of golf socks and \$17 in the

The commissioner of patents
states that the past fiscal year has
been a most prosperous one for the
patent office. The cash receipts
have been \$1,358,228.35—a larger
sum than received in any previous
fiscal year. The number of patents
issued is also the largest in the his-
tory of the office, numbering 26,540.
There has been a corresponding in-
crease in the number of trademarks,
patents and labels registered. The
increase in the number of applica-
tions for letters patents and caveats,
and registration of trademarks,
labels and prints is 5,000 over that
of the previous fiscal year and ag-
gregates 46,000.

Was It an Error?

At a time when every man, wo-
man and child in Colorado Springs
was investing in mining stock and
almost every man, woman and
child had been badly bitten, it hap-
pened that a certain mine-owner
and stock manipulator died sud-
denly. The local paper held the
press to put in an account of his
death, headed, "Death Loves a
Shining Mark," but when it came
out the people with whom he had
had his business dealings were sur-
prised and pleased to read, "Death
Loves a Mining Shark."—S. F.

White Man Turned Yellow.

Great consternation was felt by
the friends of M. A. Hogarty of
Lexington, Ky., when they saw he
was turning yellow. His skin
slowly changed color, also his eyes,
and he suffered terribly. His mal-
ady was Yellow Jaundice. Hewas
treated by the best doctors, but
without benefit. Then he was ad-
vised to try Electric Bitters, the
wonderful Stomach and Liver reme-
dy, and he writes: "After taking
two bottles I was wholly cured." A
trial proves its matchless merit for
all Stomach, Liver and Kidney
troubles. Only 50c. Sold by E. J.
Eastman, druggist.

SOUTH OREGON GOLD.

A rich strike has just been made
by Corliss & Rush on Lucky Queen
Hill, about 10 miles from Grants
Pass. It is on the Double Eagle
claim, which was purchased last
year for a very low figure. The
strike is in the nature of a very
rich seam, one to two inches thick,
with a body of quartz on either
side. The gold is all through the
seam, which is easily pounded up,
and runs \$10 to \$15 to the pan.
The samples brought to town ap-
peared to be plastered with gold. A
shaft has been sunk 30 feet on the
property, and the seam grows wider,
showing five feet at the bottom.
The quartz walls are also rich, the
10 tons on the dump being worth
\$50 per ton. The strike is in a
rich quartz district, and, as both
hanging and lower walls are clearly
defined, may prove to be very
valuable, as it is further developed.

IS IT RIGHT

For an Editor to Recommend Patent Medi-

cines?

From Sylvan Valley News, Brev-
ard, N. C.

It may be a question whether the
editor of a newspaper has the right
to publicly recommend any of the
various proprietary medicines
which flood the market, yet as a
preventive of suffering we feel it a
duty to say a good word for Cham-
berlain's Colic, Cholera and Diar-
rhea Remedy. We have known
and used this medicine in our fam-
ily for twenty years and have
always found it reliable. In many
cases a dose of this remedy would
save hours of suffering with a phy-
sician is awaited. We do not be-
lieve in depending implicitly on
any medicine for cure, but we do
believe that if a bottle of Cham-
berlain's Diarrhoea Remedy were kept
on hand and administered at the
inception of an attack much suffer-
ing might be avoided and in very
many cases the presence of a phy-
sician would not be required. At
least this has been our experience
during the past twenty years. For
sale by E. J. Eastman, Gold Hill,
or Ben Haymond, Rock Point.

KILLED IN A RUNAWAY.—Last
Thursday morning Mrs. D. N. Fish
who has the contract to carry the
mail from Glendale to Starvout
was in waiting at the train for the
mail when her horse became fright-
ened at a light engine which was
standing on the siding and started
to run. The unfortunate lady was
thrown from the buggy, her head
striking on one of the iron rails,
breaking her neck in the fall, and
smashing the buggy to pieces. This
sad fatality caused much sorrow in
the quiet little town.

MULES FOR CHINA.—Fifteen cars
of mules were on the S. P. freight
which reached Ashland last even-
ing from the south. They were
destined for Seattle, from which
port they will be sent on a U. S.
transport to China. The mules
had served Uncle Sam in Cuba for
the past year. They were recently
shipped to New York, where they
were kept several days, when Agent
Darrell of the Quartermaster's De-
partment received orders to report
with them at Manila in the Philip-
pines. This special train contain-
ing the mules, being drawn by two
engines, left Washington, D. C. at
5:30 o'clock on the afternoon of July
11th. At Ogden telegraphic orders
were received by Mr. Darrell re-
scinding the Philippine order and

ordering the animals taken to Se-
attle in preparation of a trip to
China. The 395 mules were all in
excellent shape when reaching Ash-
land last evening. The cars in
which they are shipped, are especi-
ally provided for their shipment,
containing feed boxes, water troughs
on the side, and other conveniences
for animal care.—Wednesday's

more than 11,000 men.

An Epidemic of Diarrhoea.

Mr. A. Sanders, writing from
Cocoanut Grove, Fla., says there has
been quite an epidemic of diarrhoea
there. He had a severe attack and
was cured by four doses of Cham-
berlain's Colic, Cholera and Diar-
rhea Remedy. He says he also
recommended it to others and they
say it is the best medicine they
ever used. For sale by Emery J.

mond, Rock Point.

The Ledgerette Bill File is an
easy, simple, convenient, labor and
paper saving device for keeping in
a systematic order, accounts of a
small or transient nature.

It is just the thing to use where
customers come in and buy a few

"till next week," or till they come
to town again.

Summing it all up. It is indis-
ed, arranging the bills alphabetic-
ally. It is Convenient. It is Eco-
nomical, saving many times its
cost in blank books, bills, time, la-
bor, etc., because inasmuch as the
items are written but once, there is
no posting of books, no buying of
statements, nor making out of item-
ized bills. It is simple, can be un-
derstood at a glance. Books are
always posted, bills are always
ready. It is durable and inexpen-
sive. Write for prices.
