WILL STAY IN GRANTS PASS.

A Rush of Business Causes Dr. Darrin to Postpone Leaving Until November 11.

Dr. Darrin, the eminent physician and specialist, at the request of many friends and the great interest shown by the suffering and afflicted in Grants Pass, has consented to stay with us until November 11. The truly wonderful cures he has accomplished are being testified to by a host of afflicted sufferers who can be seen and consulted on the miraculous cures on their behalf. It is safe to say that no specialist has attained the prominence of Dr. Darrin in this country, and he cannot help but meet with good success.

Dr. Darrin's visit has been marked with good results. Not only has he been crowded with patients, but the marvelous results achieved in his treatment by electricity is almost beyond belief. One cure in particular is that of Mr. Eggers, formerly of Wilderville, now residing at Dillard, Ore., well and favorably known, whose card we publish below. The art of curing diseases by electricity can be classed with the other discoveries of the day, and who knows but what all diseases and ills of the flesh will be conquered by this subtle force. It is a theme for study and reflection.

DILLARD, ORE.

MR. EDITOR: After reading the notice of the arrival of the famous Dr. Darrin, I wish to make the following statement.

I suffered for over fifteen years with catarrh and for over five years my right ear has discharged more or less every day, and I had got so deaf that I could not hear one word in ten of ordinary conversation. The discharge from my ear was almost constant, hacking and spitting had become very annoying to my family, and so much annoyance to myself that I many times wished myself dead. I tried many catarrh remedies, but constantly got worse. I visited Dr. Darrin at Grants Pass, Ore., during the summer of 1896, and his first application stopped the discharge from my ear, and his electric treatment restored my hearing. I would not be in the condition I was before visiting Dr. Darrin for one thousand dollars, and would advise those suffering as I was, to visit the doctor at once and be cured.

JNO. H. EGGERS.

MRS. STANTON'S OPINION.

Mr. Editor: I notice by your paper that Dr. Darrin is in Grants Pass. I wish to state that I was cured by Dr. Darrin four years ago of catarrh, dyspepsia and sour stomach. I cannot recommend Dr. Darrin too highly. Refer to me on Deer Creek, seven miles from Roseburg.

MRS. HARLAN STANTON.

Dr. Darrin will remain until November 11, and can be consulted at his office at the Hotel Josephine free from 10 a. m. to 8 p. m. daily; Sundays 11 a. m. to 3 p. m. Charges low and reasonable according to circumstances and ability to pay. He gives free and confidential examination to all at the office or by letter. Patients desir-

ing treatment will do well to come soon, as many cases need a second treatment by electricity. Eyes tested free, and eye glasses fitted. Out of town patients are treated with unfailing success through correspondence; one visit desirable but not necessary. Write for symptom blank and circular. Letters of inquiry promptly answered.

Robbed The Grave.

A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and side, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50c., guaranteed, at E. J. Eastman's drug store.

Coleman Gellespie, the boy murderer, who was convicted of murdering Mrs. Christine Geisel, of Gold Beach, and setting fire to her house on the night of September 19, 1899, was hanged at Gold Beach last Friday afternoon. Gellespie was only 20 years of age, of good parentage, but was a wild and reckless boy.

A Thousand Tongues

Could not express the rapture of Annie F. Springer, of Philadelphia, when Dr. King's New Discovery cured her of a hacking cough that for many years had made life a burden. She says: "After all other remedies and doctors failed it soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the Universe." Dr. King's New Discovery is guaranteed to cure all troubles of the Throat, Chest or Lungs. Price 50c and \$1. Trial bottles free at Emery J. Eastman's drug store.

Three murder cases will be tried at the present session of court in Umatilla county. Mrs. Minnie Crockett is the first woman to be tried for murder in that county.

A new social club, called the Alco, has been organized at Albany. The name is formed of the first letters of Albany, Linn County, Or.

Stops the Cough and works off the Cold. Laxative Bromo-Quinine Tablets cure a cold in one day. No Cure, No Pay. Price 25 cents.

\$1000 SQUANDERED.

For the Unsuccessful Treatment of His Wife, and Finally Had to go to Dr. Darrin for a Cure.

Mr. Editor: I feel it my duty to say that Dr. Darrin cured my wife, six years ago. She had been afflicted for twenty years with kidney complaint, diabetes and pain in the back. Many physicians had given her up, after having paid out over \$1000 for her treatment. We only saw Dr. Darrin one time. He gave her remedies and advice, and from that day to this her symptoms have never reappeared, and I am so pleased with his treatment that I have placed her under his care for deafness. I live near Medford, Ore.

C. MORRIS.

Deafness Cured in 10 Minutes.

Mr. Editor: I wish to state through your columns that Dr. Darrin cured me of deafness in ten minutes. Refer any one to me at 423 Clay Street, Portland.

HENRY M. WILLIAMS.

Almost Miraculous.

Mr. C. C. Pressley, formerly of Woodville, Ore., express agent at Grants Pass, was cured two years ago of deafness by Dr. Darrin while in Grants Pass. His cure was almost miraculous, having been cured in ten minutes. The cure is permanent and perfect and goes far to support Dr. Darrin's skill.

Salt Rheum Cured.

Dr. Darrin—Dear Sir: It is with great pleasure and thankful heart I wish to inform you that I am cured of salt rheum, which I have suffered with for twenty-five years, at times so bad that my hands would crack to the bone, and my body was also affected. I have no words that can express my thankfulness to you. Mrs. E. Sheretts, of Vancouver, Washington, has known my condition, and can be referred to. Refer to me at Gardiner, Ore.

MRS. MARTHA DAILY.

Dr. Darrin's Place of Business.

Dr. Darrin gives free consultation at Hotel Josephine, Grants Pass, from 10 to 5 and 7 to 8 daily. All curable chronic, acute and private diseases confidentially and successfully treated. Circulars and question blanks sent free to any address, and correspondence solicited. Most cases can receive home treatment after one visit to the doctor's office. Batteries and belts furnished with full directions for their use. Rupture, tumors, varicocele, hydrocele and stricture cured in every case. Diseases of women an important specialty, such as weakness, displacements, ulceration, painful, irregular and suppressed menstruation, quickly relieved. The poor treated free, except medicines, from 10 to 11 daily. Those able to pay treated for half the former prices for another month.

Private Words for Women.

The eminent and successful electro-magnetic physician, Dr. Darrin, has discovered and perfected a system of treatment that has caused a revolution in the treatment of female diseases. Wherever their treatment is tested and known it has done away with all dosing with

nauseous drugs and surgical operations whereby so many precious lives have been lost.

As a discovery, it ranks with Harvey's discovery of the circulation of the blood. It has proved in more than a thousand cases of the worst kind to be a positive cure for the following female diseases;

Ovarian tumors, polypus ulceration and dropsy of the womb, inion, congestion and falling of the womb, leucorrea, painful and suppressed menstruation, flooding, frequent urination; bearing down pains, backache, headache, hacking cough, melancholy, absence of ambition or desire to live, or, in fact, any complaint having its origin in a disordered state of the generative and accompanying organs, whether from contagious diseases, hereditary, accident, tight-lacing, miscarriage or other causes.

Their method of treatment is harmless, pleasant and mild. It is applied directly to the womb without the use of instruments, can be applied by the patient themselves, thus securing correct local treatment at home, and its application is easy and simple. Its curative action on the inflamed, congested and ulcerated parts is immediate.

Dr. Darrin refrains from making public the names of hundreds of ladies who have been restored to health with due delicacy of their afflictions.

Dr. Darrin can be consulted free at the Hotel Josephine, Grants Pass. Hours 10 to 5 and 7 to 8 daily. The poor free, except medicine. The cure of seminal weakness, lost manhood, varicocele, hydrocele, gonorrhoea, syphilis and stricture a specialty, as well as all chronic diseases. Batteries and belts furnished if necessary. Eyes tested and glasses fitted.

Greiner's threshing crew has a half grown bear for a mascot, says the Fossil Journal. It wandered down from the mountains of Wheeler county to the Gilliam county wheat fields near Mayville, and right there it made a mistake. The threshers sighted bruin and mounted their horses and gave chase. The bear led them a merry chase up and down the rimrocks, and it took the threshers half a day to run it down. When it was exhausted, Paul Griener threw a rope over it, and since then the crew has a mascot that travels with them wherever they go, and will be sold at auction when the threshing season is over.

The plant of the Northwest Flax & Fiber Company, of Scio, was totally destroyed by fire about nine o'clock Monday night. The plant consisted of a dryhouse, machinery building, and a 90-ton stack of flax straw. The dryhouse and machinery building, including machinery, were valued at \$3000, and the straw at \$1000. There was no insurance. Twenty men are thrown out of employment.
