GOLD HILL NEWS

Both One Year for \$2.

Best double strength vinegar 30 cents a gallon at Kenney's.

disposed of 1500 ewes at \$3.60 per head. He could do little better at that time with the remainder of his flock so held them. It will thus be seen that McKinley's success, or at least that is what the purchasers allow credit for the advance in prices, bettered Mr. Sherlock's fortune the sum of \$1500.

W. H. Norcross of Central Point, is packing his apple crop of 3500 boxes, which he sold for 75 cents per box. The product was gathered from a ten acre orchard. The varieties are Spitzenbergs and Ben Davis.

Just Saved His Life.

It was a thrilling escape that Charles Davis of Bowerston, O., lately had from a frightful death. For two years a severe lung trouble constantly grew worse until it seemed he must die of Consumption. Then he began to use Dr. King's New Discovery and lately wrote: "It gave instant relief and effected a permanent cure." Such wonderful cures have for 25 years, proven it's power to cure all Throat, Chest and Lung troubles. Price 50c and \$1.00. Every bottle guaranteed. Trial bottle free at Eastman's drug store.

Albert Mizner, living eight miles north of Forest Grove, brought in a sack of big potatoes last week, says the Times. The sack weighed 100 pounds, and contained only thirty potatoes, making an average weight of 3 1/2 pounds each.

Many persons have had the experience of Mr. Peter Sherman, of North Stratford, N. H., who says, "For years I suffered torture from chronic indigestion, but Kodol Dyspepsia Cure made a well man of me." It digests what you eat and is a certain cure for dyspepsia and every form of stomach trouble. It gives relief at once even in the worst cases, and can't help but do you good. E. J. Eastman.

F. Brown, who has charge of the hatchery on South Coos river, informs a Marshfield paper this week that he has 30,000 young salmon hatched, and that, in all, about 500,000 young fish will be hatched by January 1.

DeWitt's Little Early Risers are dainty little pills, but they never fail to cleanse the liver, remove obstructions and invigorate the system. E. J. Eastman.

A hobo Japanese stayed with the Southern Pacific section Japs at Jefferson, Wednesday night, and the next morning started south along the track, says the Review. He was evidently in an ill humor about something, for he knocked down a signal flag and then took a rock and exploded a torpedo that had been placed on the track. He paid dearly for his last act, for three of his fingers were blown off and his right hand badly mangled.

Last Saturday morning Silverton was visited by a quite an extensive fire, for which Benjamin Wise and F. Morley are under arrest in Salem for starting. The loss is estimated at about \$12,000. A special train conveyed a fire engine and crew from Portland to the scene of the fire where it did good work in saving other property.

Help is needed at once when a person's life is in danger. A neglected cough or cold may soon become serious and should be stopped at once. One Minute Cough Cure quickly cures coughs and colds and the worst cases of croup, bronchitis, gripes and other throat and lung trouble. Sold by E. J. Eastman.

The county commissioners' court at its meeting last week ordered the payment of an additional \$200 to the Sugar Pine Company on account of the bridge across upper Rogue river near Flounce Rock, disposing of a controversy of over a year's standing. The county court entered into a written contract with the Sugar Pine Company whereby it was to pay the company \$500 for throwing open to public use its new bridge across the river at the point named. The court tendered the contract amount to the company on the completion of the bridge but the company refused it and demanded a larger sum, which the court declined to pay. At the recent term of court the matter was brought before the court again, the company being represented by its attorney, ex-Judge Wm. S. Crowell, and the compromise agreed upon.

The jurors subpoenaed for the December term of circuit court for Jackson county, which convened Monday in Jacksonville, were discharged Monday evening. No grand jury was drawn and no jury trials were set for the term, and the business of the present session confined to civil proceedings.

The United States senate passed an act Tuesday providing that entry men, under the homestead laws, who served in the United States army, navy or marine corps during the Spanish war or Philippine insurrection, shall have certain service deducted from the time required to perfect title under the homestead laws, as passed.

The local telephone line between Central Point and Eagle Point has been purchased by the Sunset Company and Tuesday was connected with that company's Jackson county circuit.

Frank Raborg, of Republic, has the antlers of two stags firmly locked together. The animals evidently met and engaged in a deadly struggle for mastery. Their horns became interlocked, and, as they could not separate, they died on the battle-ground. They must have struggled as long as life lasted, as their horns are much worn where they locked. Two strong men cannot now pull them apart. The horns are in a good state of preservation, but they have the appearance of great age. They were found about four miles of Republic, near the Golden Harvest mine.

Alva Kowley was fined \$30 at Klamath Falls last week for carrying a concealed weapon, and J. Rowley \$25 for disorderly conduct.

The Indian office has transmitted to Congress the treaty recently negotiated with the Klamath Indians, whereby they are to relinquish all claims to their reservation as described in the treaty of 1864, comprising 621,824 acres, for which the government is to pay \$532,000.

S. V. McFarren has in his place of business which is only about one-third grown. It was caught in a trap a few miles above town by a trapper. The animal has been attracting considerable attention this week.

A Free Trip to Paris
Available persons of a mechanical or inventive mind desiring a trip to the Paris Exposition, with good salary and expense paid, should write The PATENT RECORD, Baltimore, Md.

Beeman Bldg., Gold Hill, Ore

Lakeview Stage Held Up.

A lone highwayman held up Harry Yount, on the stage three miles this side of Lakeview at 8 o'clock p. m. Monday. He robbed the mail sacks of their contents and secured very little. There is no clue but the operator was a novice. There were no passengers.—Record.

At the annual meeting of the stockholders of the Oregon Midland Railway Co. held at Klamath Falls last week, the following directors were elected: David Horn, of Hornbrook, Cal.; H. L. McWilliams, L. W. Van Horne, W. J. Woods and J. A. McCall, of Ashland, Or., R. S. Moore and Geo. T. Baldwin, of Klamath Falls. The Midland Construction Co. of Chicago, who took the bonds and undertook the construction of the work by letting the contract for 69 miles from near Klamath to Spencer creek, to Hale & Smith of Portland, have been unable to supply the money with which to build the road.

The Best Plaster.

A piece of flannel dampened with Chamberlain's Pain Balm and bound to the affected parts is superior to any plaster. When troubled with lame back or pains in the side or chest, give it a trial and you are certain to be more than pleased with the prompt relief which it affords. Pain Balm also cures rheumatism. One application gives relief.

For sale by E. J. Eastman, Gold Hill, and Ben Haymond, Rock Point.

The superintendent of the Alameda county schools has inaugurated a novel method of cutting down expenses. Instead of hiring a teacher for an outlying thinly settled district he hires a wagon to get the children and brings them to another school, thereby saving \$50 a year on each pupil.

CASTORIA

For Infants and Children.

The Kind You Have Always Bought
