

ONE OF BOOTH'S SOLDIERS.

American Noblewoman a Worker in the Salvation Army.

The Countess of Tankerville, one of the most devoted members of Gen. William Booth's Salvation Army, is now in this country and is accompanied by her husband, who was also a member of the Salvation Army at Tacoma, Wash., where the two first became acquainted and were married. At that time the Earl of Tankerville was third in succession to the title. The Countess was Miss Lenora Van Marter, a resident of Tacoma, and it was while engaged in army work there that she attracted the Earl's notice. He was so smitten by her rare beauty that he abandoned the gay life he was leading in order to be near her. Together they

worked for many months in the streets of Tacoma, doing good to all with whom they came in contact. Finally the young man, by the death of relatives, came into possession of his estates and title. He at once married the young army lass and together they set out for England. Here they despised the gayeties of the social set they were entitled to enter and continued their work in the Salvation Army, winning high praise from Gen. Booth for their zeal and efficiency. They return to the United States to continue their chosen work for a time. Whether or not they will remain permanently has not yet been determined. If the work here shall seem to require their services they will stay; if England offers a more promising field for their endeavors they will return there. In any event they are determined that they will not forsake the army in the days of their prosperity.

Washington since she was 17, and has won the admiration of all who have met her. The new title with which she has been honored will establish her rank—which up to the present has been in doubt—among the ladies of the diplomatic set. It was rumored recently that the fair young Countess had been betrothed to M. Pavloff, the Russian minister to Korea, but the report has been denied.

Just in Time.

A circus paid a flying visit to a small northern town not long ago, and the price of admission was sixpence, children under 10 years of age half-price. It was Edith's tenth birthday, and her brother Tom, aged 13, took her in the afternoon to see the show.

Arrived at the door he put down ninepence and asked for two front seats. "How old is the little girl?" asked the money-taker, doubtfully.

"Well," replied Master Tom, "this is her tenth birthday, but she was not born until rather late in the afternoon." The money-taker accepted the statement, and handed him the tickets. But it was a close shave—London Spare Moments.

"It is claimed that the Dowager Empress of China started in life as a servant-girl." "No wonder they stand in awe of her."—Cleveland Plain Dealer.
