### The Woodville Windmill.

We had a frost six degrees below freezing point on the morning of the 8th and two lighter frosts since, but doubt if any damage has been done to fruit in bloom, excepting almonds. Petite prunes, pears and cherries are now in full bloom. Honey bees are doing their first hard work of the season. Three days of sunshine has helped the fall wheat wonderfully.

Mrs. Hoffman of Butte, Mont., is visiting a few days with her sister, Mrs. A. Sherburne. Mrs. Hoffman is homeward bound from a trip to California.

Mr. Lynch, formerly from Trail, and some 80 years of age now living on the Owings place, has been poorly the last few days.

Trout fishing is on and fairly good catches are reported.

Mr. and Mrs. F. M. Lance of Fooths creek were visiting in the village Sunday.

As nearly as I can ascertain, the small pox scare grew out of a physician being called to attend a patient two miles from town. If it were true that the physician found small pox in the family it would seem that he was a criminal to return to his home 12 miles a way to spread contagion and without calling for an official investigation and quarantine. On the other hand, if there is no small pox he is clearly spreading the report that he may secure fat fees for inserting the virus and if that contention is true he worse than a sneak thief. My best information is, that the latter proposition is the correct one.

Woodville, Or. Ben A. Lowell.

"I have been troubled with indigestion for ten years, have tried many things and spent much money to no purpose until I tried Kodol Dyspepsia Cure. I have taken two bottles and gotten more relief from them than all other medicines taken. I feel more like a boy than I have felt for twenty years." Anderson Riggs of Sunny Lane, Tex. Thousands have testified as did Mr. Riggs.

## Church Matters.

### To The Young People Of Gold Hill.

My Dear Young Friends your kind gift sent by Miss Mary Downing, March, 29th., was very thankfully received. Sickness has brought us so many expenses and we were rejoiced to know that so many kind hearts sympathized with us in trouble and cared for our wants. We would much liked to have been with you and helped make a good time. J. C. GREGORY.

You will waste time if you try to cure indigestion or dyspepsia by starving yourself. That only makes it worse when you do eat heartily. You always need plenty of good food properly digested. Kodol Dyspepsia Cure is the result of years of scientific research for something that would digest not elements of food but every kind. And it is the only remedy that will do it. E. J. EASTMAN
