**"Cramming System."**

In my opinion the principal cause of the unsatisfactory results obtained from our schools is that so much is given our children to learn, that nothing, not even the essential branches, can be well learned. Most teachers realize that these conditions exist, but are expected to obey orders, and must attempt to cram the mind of the people with all that is in the course of study, although a large part of it is of absolutely no use to the children, either now or in the future.

For many years I have earnestly opposed the development of the "cramming system" we now have, believing that the results we have a right to demand of the public schools cannot be reached until we reduce the amount of work, so that required night study for children may be entirely abolished, and then give more attention to the essential branches and to the health and physical development of our children. Yours sincerely,  
 W. A. WANN.

**EDITORIAL.**

**Gold Hill—Its Future.**

The object of this article is to call attention to the many resources around Gold Hill that will eventually make it one of the most important manufacturing centers in Oregon. Few people know that Gold Hill has future prospects far better than any other town in Southern Oregon. Mr. J. J. Houck, one of our most enterprising citizens, started work this week on his electric light plant which, in itself, marks a new epoch in the advancement of our town. He agrees to furnish the town with three 40 candle power lights almost for nothing and the business houses and private residences at a far less cost than can be done with gasoline or coal oil. He will also be in a position to furnish all the surrounding mines with power enough to operate the heaviest machinery. As our mining resources become more extensive and the demand is greater the plant can be increased to almost any capacity. This may seem like an idle dream, but when you stop to consider the fact that five hundred thousand inches of water is at all times available in Rogue river, and Mr. Houck's ditch, while furnishing enough power for the present, can be enlarged to almost any extent at little cost, the project becomes entirely feasible. Many people, even here in our midst, fail to realize the immense power which can be developed from the waters of Rogue river, nor do they stop to consider the fact that nowhere else in this country can it be done for such a small outlay of capital. Up the river is the finest body of timber in this state in the Meadows district are copper, coal and cinnabar deposits being developed, which will, some day, command the attention of capital and cause large sawmills to be built, smelters to be constructed. Shingle mills, paper mills and furniture factories will spring up, employing hundreds of men, and as Gold Hill is the natural outlet for all the manufactured products we will have a city here unsurpassed by none in Southern Oregon.

When these new industries spring up the question of transporting the raw material must be considered, which will necessitate a railroad and will also open up a new farming country to market.

Mr. Hoskins, an experienced horticulturist, is demonstrating beyond a doubt that we have an ideal soil and climate for the production of small fruits and berries and is at present engaged in setting out his place to these profitable articles, putting in thirty acres in strawberries alone.

Now all the above will be of immense benefit to Gold Hill and we must do something to interest capital in our midst. The writer of this article has been a resident of Gold Hill many years and in that time has noticed a big improvement in the town. We look for a much larger improvement in the next six months. There are parties here now who are willing and anxious to erect a brick building for a bank, something that we need badly.

While a great many are enthusiastic over our mining outlook we must not forget these other resources lying dormant at our doors but must do all in our power to hasten the time when we will have a large manufacturing community here. Remember, even if you are not benefitted financially at the outset you are bound to profit by the town's advancement. Come, throw off that pessimistic sneer and let us all put our shoulders to the wheel and make this one of the best and liveliest towns in this grand state of ours.

As this is the last issue of the News before the election we wish to call all voters' attention to how they should mark their ballot. In order to have your vote counted you must X between the number and the candidate you wish to vote for. Please observe this as no votes will be counted if marked otherwise. Besides being careful to put your X you save a lot of trouble to the election board. Thus:

"Begin at the bottom of the ballot and vote for the initiative and referendum amendment by marking your X in the line between the number and the word 'yes.'"

"The initiative and referendum amendment is numbered at the bottom of the ballot. Mark your X between the number and the word 'no' if you vote against it."

"Do not forget the initiative and referendum amendment. It is the last thing on the ballot. Make your first vote for it."

The purpose of the school entertainment is to raise money to pay the balance on the organ bought last year. It is a worthy cause. Help it along.

**A LESSON IN HEALTH.**

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. Gold Hill Drug Co.

William Blackert, the Galls Creek miner, spent Sunday in town. Mrs. Hosmer of Foots Creek returned Sunday from a visit to Wolf Creek.

**TRAVELING IS DANGEROUS.**

Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, train men, teamsters and all who drive very much suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. Geo. H. Hausan, locomotive engineer, Lima, O., writes, "constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's kidney cure. Gold Hill Drug Co."

Joseph Morris of Rock Point spent Sunday in Gold Hill.

C. C. McClendon, our esteemed townsman, has been on the sick list the past week.

**HOLDS UP A CONGRESSMAN**

"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork, nervous intentions, loss of sleep and constant speaking I had utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It is the best all-round medicine ever sold over a druggist's counter." Overworked run-down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Guaranteed by A. P. Estabrook.

Professor Corta Masterson did the News office a kind favor by helping out on job work last week. Thank!

Joseph Vose, the popular young townsman, has succeeded William Cook as counter jumper at John Reed's grocery store.

**NO LOSS OF TIME**

I have sold Chamberlain's Colic cholera and Diarrhoea Remedy for years and would rather be without Coffee and sugar than it. I sold five bottles of it yesterday to threshers that could go no further, and they are at work again this morning—H R Phelps, Plymouth, Oklahoma. As will be seen by the above the threshers were able to keep on with their work without losing a single day's time. You should keep a bottle of this Remedy in your home. For sale by A P Estabrook.

The working crew, under Foreman Peterson pulled out for Glendale Tuesday, having completed their work at the Gravel Pitt. The News wishes to say a good word for Mr. Peterson and his crew, that a more sober gentlemen set of men never before visited our little town. Come again, all of you. We appreciate such gentlemen.

Adolph Cedro, a tramp art painter, did some excellent work for Hall & Young this week.

Georgia Williams of the News force, went to the Pass Saturday on a visit to her parents, returning Sunday night.

Taylor Bailly, the rustling harness and shoe repairer, returned from Kerby where he went several months ago to locate, but as usual he came back. No place like Gold Hill.

**HOW'S THIS.**

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. Cheney & Co., Props., Toledo, O.

We the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by their firm. West & Trauz, Wholesale Druggists, Toledo, Ohio.

Walding, Kinnar & Marvin, Wholesale Druggists, Toledo, Ohio. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucus surfaces of the system. Price 75c. per bottle. Sold by all Druggists. Testimonials free.

**WHOOPIING COUGH**

A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. She says: Our three children took whooping cough last summer our baby boy being only three months old, and owing to our given them Chamberlain's Cough Remedy they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops—Jessie Pinkey Hall, Springville Ala. This remedy is for sale by A P Estabrook.

Judge Frank Williams of Ashland made the News a pleasant call Wednesday.

**REVEALS A GREAT SECRET.**

It is often asked how such startling cures, that puzzles the best physicians, are effected by Dr. King's New Discovery for Consumption. Here's the secret. It cuts out the phlegm and germ-infected mucus, and lets the life-giving oxygen enrich and vitalize the blood. It heals the inflamed, cough-worn throat and lungs. Hard colds and stubborn coughs soon yield to Dr. King's New Discovery, the most infallible remedy for all Throat and Lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at A. P. Estabrook's.

Thomas Dungey, the Galls Creek miner, was trading with local merchants Sunday.

Elmer Higenbotham came down from Kane's Creek Sunday.

A recent decision of the Supreme Court in the suit of William Everett Boyd a minor by R. B. Boyd his guardian, vs. U. S. Portland General Electric Co. is quite a victory for E. B. Dufur of Gold Hill. This case has been pending for over three years with varied results but the action of the Supreme Court settles the matter finally.

Horace Pelton and wife of Sams Valley, attended the concert Saturday night.

Mrs. Carrie Johnson came down from the Bart mine Sunday.

WON'T FOLLOW ADVICE AFTER PAYING FOR IT.

In a recent article a prominent physician says, "it is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, namely, the drug treatment."

When medicines are used for chronic constipation,
