

News Supplement

GOLD HILL OREGON SATURDAY Sept. 13th, 1902.

The annual Old Soldiers and Sailors Reunion to be held at Gold Hill next week promises to be one of the very finest gatherings that has ever taken place in the county. The committees are sparing neither pains nor expense to make it pleasant for those who come, and a royal time is anticipated. Fine programs have been prepared, and good camping ground have been cleared. Remember the date Sept. 15th to 20th.

FORTUNE FAVORS A TEXAN.

"Having distressing pains in the head, back and stomach and being without appetite, I began to use Dr. King's New Life Pills", writes W. P. Whitehead, of Kennedale, Tex., "and soon felt like a new man." Infallible in stomach and liver troubles. Only 25c at Estabrook's.

Miss Nettie Moore of Sams Valley is visiting her brother Wil, on Evans creek the past week.

LINGERING SUMMER COLDS

Don't let a cold run at this season. Summer colds are the hardest kind to cure and if neglected may linger along for months. A long siege like this will pull down all the strongest constitution. One Minute Cough Cure will break up the attack at once. Safe, sure, acts at once. Cures coughs, croup, colds, bronchitis, all throat and lung troubles. The children like it. A. P. Estabrook.

Prof. Elliott is teaching again this year in the Wimer district.

A. Shindler is hauling wheat from Woodville and selling to Houck Bros of this place.

Foley's Honey and Tar is particularly adapted for chronic throat troubles and will positively cure bronchitis, hoarseness and all bronchial diseases. Refuse substitutes. Gold Hill Drug Co.

Henry White came down from Ashland to attend to the threshing of his grain on his Rock Point farm.

"IDEAL" MILL A SUCCESS.

The mines of Lane and McCleary were visited by a News reporter the first of the week and found their new mill, the "Ideal" in full operation.

The "Ideal" is a new variety of stamp mill in this part of the country and from our limited investigation we are satisfied that this kind of mill is the best we have ever seen. Its crushing capacity, its simpleness of construction, its adaptability of transportation over the rough mountain roads,

no piece of machinery weighing more than a can of a five-stamp mill, makes it the best mill for this part of the country that money can buy.

The principle of crushing the ore is the same as a stamp mill, by a blow from the stamp to the die.

Another great advantage over the old stamp mill, is the power that is required to raise the old fashioned stamp is overcome as the "Ideal" is so constructed that one horse power is sufficient to drive its machinery. The mill is located on Sardine creek about $\frac{1}{2}$ of a mile from the ledge which is about ten feet in width and will mill in free gold \$5.00 per ton.

For a bad taste in the mouth take Chamberlain's Liver Tablets. For sale by A. P. Estabrook.

Robert Cook and wife have returned from Siskiyou county and are now living on John Cook's place on Galls creek.

A SAD DISAPPOINTMENT.

Ineffective liver medicine is a disappointment, but you don't want to purge, strain and break the glands of the stomach and bowels. DeWitt's Little Early Risers never disappoint. They cleanse the system of all poison and putrid matter and do it so gently that one enjoys the pleasant effects. They are a tonic to the liver. Cure billiousness, torpid liver and prevent fever. A. P. Estabrook.

John Simons has procured work at the Greenback mine and left Monday for that district. Mrs. Simons will join her husband about Oct. 1st.

BEWARE OF THE KNIFE.

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles for example, it is seldom needed. DeWitt's Witch Hazel Salve cures quickly and permanently. Unequaled for cuts, burns, bruises, wounds, skin diseases. Accept no counterfeits. A. P. Estabrook.

Misses Tilda and Mary Blackert of Galls creek were visitors in town part of this week. the guests of Mrs. I. C. Courtney.

Mrs. C. R. Ray and children went to Portland in company with Miss Ina, who goes to attend school at St. Helen's Hall.

The Mining and Engineering Review displays a photograph of Gold Hill this week.
