REFLECTIONS OF A BACHELOR. Oracular Observations Upon Matters Which Are Not Condemned to His Particular Sphere. A kiss in time makes nine. Two rounds never make a fight. Somehow the best cooks give us the worst indigestion, says a writer in the New York Press. A girl can get mad at you if you kiss her or if you don't. Company manners always wear out if the company stays too long. Most of us make our incomes go so far that we never see them again. Lots of people will forgive their enemies, but won't stop lying about them. The higher we go the higher up seems to be the place we want to reach. The liver has as much to do with soul-sickness as with other kinds. A woman can stand stays or shoes being tight or most anything but a man. It takes women to support foreign missions, reading societies and dude actors. We hate a cold winter in winter almost as much as a hot summer in summer. Of 1,000,000 Scandinavians 870,000 are in the west and northwest. The Russians, Poles, Hungarians and Italians are chiefly found in New England, New York and Pennsylvania. The Bohemians and Hollanders settle in the central west. A man is emperor in his own house till a young son comes along to dethrone him. Nothing makes a woman so suspicious as to have her husband volunteer to go to church. To shake about 200,000 peach trees and 50,000 plum trees for the purpose of exterminating injurious insects is a formidable task, yet it was successfully accomplished several times between April 1st and June 1, 1901, by the Hale Orchard company, at Ft. Valley, in Georgia. The insect against which this action was taken was the curculio beetle. There is just now an observable tendency on the part of our foreign population to distribute themselves by nationalities to a certain extent. Two-thirds of the Irish remain in the east. Two-thirds of the Germans go west. Of 1,000,000 Scandinavians 870,000 are in the west and northwest. The Russians, Poles, Hungarians and Italians are chiefly found in New England, New York and Pennsylvania. The Bohemians and Hollanders settle in the central west.
