Perry Knotts, John Johnson, Clyde Walker, and John Chandler, attended Moose lodge at Medford Tuesday evening. They report that he various southern Oregon lodges of the order will hold a combined picnic at Colestine on July 26th.

Burl Miller and Cale Springer, of Medford, A. J. T. Smith and Ben H. Laupman, of this city, accompanied deputy warden Riley Hammersly upon a trip to Willow Flat last Friday. They remained until the first of the week, making a fairly good catch of trout considering the bad weather.

Horace Pelton shipped a carload of cattle to the Portland market Tuesday, accompanying the shipment to that city. On Monday W. E. Thompson shipped another car of hogs. Gold Hill is taking the lead among valley towns for exports of live stock.

W. G. Myers returned to Gild Hill and contentment on Sunday, after a two month's absence at Oakland, California. Says Mr. Myers, more frequently "Bill;" "I am back to God's country again; there is absolutely nothing doing in California, and southern Oregon will satisfy me from now on."

Riley Hammersly and Charley Young hit the trail from this city for the Umpqua wilderness Wednesday afternoon, where they will enjoy the next week in pursuit of cougar, bear, or such other predatory varmints as may invite. They were accompanied by Charley's tried and trusty brace of houn' dawgs, who proved their nettle upon a recent hunt by tracking down both bear and cougar.

On Monday at high noon, at the home of the bride's parents, Mr. and Mrs. A. E. Bamber, residing on the Lyman ranch, occurred the marriage of their daughter, Beulah Lenora, to William Waldo Watson. None were present at the ceremony save the relatives and invited friends. Both young people are well known and popular in this city, where they expect to make their future home, Monday evening they departed for Portland to spend their honeymoon at the Rose Festival.

In the show window of Bowers' drug store reposes a novel little instrument, shaped like a compass, but possessing an almost telepathic interest in the weather. It is an aneroid barometer, and is devised to predict the weather with unflinching accuracy except at times when it does not. The News proposes to furnish its subscribers with Friday weather predictions henceforth, and freely offers to gamble that it will be as frequently correct as the governmental weather man.

Happy Jack Walker and wife--whose stage name is Miss Mazie Bell--appeared at the Wego last evening in clever vaudeville, and are billed again for this evening. Happy Jack, as the thespian fraternity knows him, is also representing the theatrical publication, "The Billboard", and the official paper of the White Rats, "The Player", and will give the local show house space in his correspondence to these journals. In addition to the singing and comedy stunts of Happy Jack and Mazie Bell, Manager Kellogg will present three fine reels of photo play, concluding with the regular Saturday night dance.

At a meeting of the city council held on Tuesday evening, a resolution was adopted prohibiting the sale

of firecrackers, fireworks, or other festal combustions, for use in this city on July 4th or any other day. While the measure will doubtless meet with the unanimous disapproval of small boys, it was endorsed by their elders with a majority of signatures and the natal day is to be henceforth safe and sane. Concerning the proposal of the Home Telephone company to discontinue local service at 9:00 p. m., a resolution was sustained calling upon the company to continue the twenty-four hour service now in effect. Should this demand be not complied with, the matter of local service period will be taken up with the state railway commission.

Jack Ralls, William Shoemaker, and George Garrett, claim to have put the quietus on a coyote plague that has troubled upper Galls Creek for some time past. Chickens, porkers, and infant livestock had been levied upon the coyotes until the need of summary measures became manifest and a grunt was organized. The main den was located in a rocky canyon above the Jimmy Burns place. Here ten or twelve coyotes were run to earth on Tuesday afternoon. A fire before the mouth of the den forced two of the animals out to meet death by bullet, but the remainder of the pack perished by suffocation in the rocks and were not secured. So bold had the beasts become that, on the day previous, they carried off for their larder a misguided pup owned by Jack Ralls. This offense was not to be tolerated and the hunt that terminated so successfully was organized.

WILL SELECT SUFFRAGE BILL

Meeting Called to Concentrate Support for Measure Before Congress.

Washington.--In an effort to concentrate support for a suffrage measure in congress, suffrage leaders issued a call for a meeting of all leaders in the movement in the United States at O. H. P. Belmont's Newport home, Marble House, July 3.

Two bills, one by Senator Shafroth and the other by Senator Bristow, are before congress. The suffrage leaders are divided as to which measure is better, but they hope to settle all difficulties at the meeting. Suffrage workers from nearly all states, and representatives of the congressional union and the national American woman suffrage association will participate.
