SATURDAY, JULY 18, 1914

SUBSCRIPTION \$1.50 PER ANNUM IN ADVANCE

## SECOND INDUSTRIAL FAIR IS PLANNED

EARLY in September Gold Hill will hold the city's second annual Industrial Fair. So significant of approval was the success of last season's enterprise, so warm were the praises of the many visitors on that occasion, that the coming fair will be in many respects, and in purpose, a duplicate of the former one—but added to it will be a far superior list of attractions and entertainment.

The Gold Hill Industrial Fair was "something different", and as such won the popular fancy. No fakers faked or grafters grafted on that day, and the hospitality of the city was as heartily and freely accepted by the visitors as it was extended by citizens.

But the significance of the Industrial Fair is far deeper than the casual good time that accompanies it. This one is designed and destined to promote community industry and better products of the ranch and orchard. Its success is the success of the stockman, horticulturist, and rancher, and each of these is as directly concerned in making the enterprise a creditable one as are the Gold Hill business men.

The assistance of all is solicited. Ranchers and fruit-growers are urged to plan exhibits that will surpass those of the previous season. Correspondence relative to exhibits or to any matter pertaining to the Industrial Fair may be addressed to H. D. REED, president of the Fair association, or to THE SECRETARY.

### SONG OF THE HILL SPRING

Drink deep, and have no fear,  
Nothing evil e'er flows here;  
Lurking there beneath the fern,  
Crystal clear under the tree,  
Till by the rock I turn—  
Follow me! Follow me!  
Lush and cool, by my pool,  
The wild lilac grows,  
To my brink, as to drink,  
Stoops the rose.  
Drink deep and have no fear,  
Fairies fill the chalice here;  
Nothing evil do I keep—  
Drink deep!

Drink deep and know my peace,  
I only am surcease;  
Nothing moves in the deep wood,  
Nothing bides in the green tree,  
But does find my waters good—  
Turn to me! Turn to me!  
Clear and deep, still I sleep,  
Where bends the sweet fern,  
Seeking me eagerly,  
All creatures turn.  
Drink deep and know my peace,  
All wild trails here do cease;  
Only solace do I keep—  
Drink deep!

Drink deep, and know my joy  
Nothing evil may destroy;  
Born of dew in the fresh dawn,  
Born of hill-showers yesterday,  
Never am I wholly gone—  
Have no fear! Have no fear!  
Comes the brood from the wood,  
Shy friends think of me,  
Softly here steal the deer—  
Drink of me.  
Drink deep and know my joy,  
Cloud born, without alloy;  
Nothing evil do I keep—  
Drink deep!

FOR SALE—Homestead relinquishment, close in, will sell cheaply. Inquire at News office.

Regular Christian Science services are held at the Wego Theater every Sunday at 11 a. m. A cordial welcome is extended to the public.

One of our new all-wool RED HUNTING SHIRTS - \$2.50  
Stay two weeks, have a good time, kill three, (no more), come home—buy a new lot of groceries and be happy for another year. Respectfully yours,

Lance & Co.

## BRIEF NEWS OF OREGON

Josephine, Douglas, Klamath and Jackson counties will cooperate in installing a display at the Panama-Pacific exposition at San Francisco.

Outlook for the walnut crop in the McMinnville district is exceptionally good this year, one tree which is 14 years old having a crop which will produce \$40.

Attorney-General Crawford, in an opinion, holds that delinquency certificates could not be issued by county tax collectors until the expiration of six months after taxes became delinquent.

Manacled and chained, H. A. Miller, mayor of Bend, was marched through the streets and later escorted to the stage of a moving picture theater and there exhibited to a crowded house as a prospective bridegroom.

State Forester Elliott announces the privately-owned stumpage of the state is 9,543,645 acres and that 4,300,130 acres are owned by non-residents. He said that 94 per cent of the timber owners have holding of about 640 acres each and that they amount to 29 per cent of the total privately-owned forest acreage of the state.

The poultry department of the Oregon Agricultural College shipped to the poultry department of the State Insane asylum 100 pullets of the famous egg strain to be used partly for demonstration work in poultry breeding. These pullets have a pedigree declared to be better than that of any other flock of pullets in the world.

A. M. Gooch, a Hood River orchardist, has obtained record returns from his strawberry crop this year and heads the list for production among those shipping through the Apple Growers' association. From a five-acre tract, with berries planted between apple rows, Mr. Gooch shipped 1117 crates, receiving \$1500.

State Forester Elliott has announced that the federal government would cooperate this year with his department by appropriating \$10,000 for use in patrolling timber lands at the headwaters of navigable streams. The forester said that the money would be used when the danger from fire appeared to be greatest. It will provide about 60 fire-fighters.

Frank Meredith, secretary of the Oregon State Fair, announces that the special prizes for the dairy exhibits this year would be much more costly and numerous than ever before in the history of the association. The prizes were obtained by A. H. Lea, superintendent of the department, who has written to Mr. Meredith that he expects to add more prizes to the list which already has been forwarded to him.

The postoffice department has accepted the proposal of the Southern Pacific company to carry parcel post by boat between Portland by North Bend to Marshfield and back as often as the contractor may operate the boats at the rate of 2 cents per pound. The proposal of Oscar F. Jacobsen to

transport mail by boat between Newport and Yaquina station has been accepted.

The Benton county court has authorized Sam H. Moore, of Corvallis, to represent the county at the Good Roads convention at Medford the last of this month. Mr. Moore is the orig-

inator of a plan to use convict labor in the manufacture of road materials, state roads also to receive state aid in materials and convict labor, so far as available. He advocates the purchase by the state of a shale and rock or cement deposit, the building of a cement plant and the operation of the plant with convict labor.
