Know Your Man

Every qualified voter in this community should know his man thoroughly before casting his vote. He should know all candidates thoroughly before deciding for whom he will vote. Every candidate for public office has certain traits of character which should receive the spotlight of scrutiny before he received a single vote. The people should know that he is competent to fill the position he seeks, and this knowledge can only be acquired by a careful study of the man and his deeds. The day when people voted for men just because they were good fellows, is past. Now we are looking everywhere for these men who are real men.

The Wise Candidate

The seeker for public office who possesses the wisdom necessary to qualify him for the position, is alive to the fact that the voter of today has to be shown that deeds count for more than empty words and cheap cigars. A few years ago, the candidates circulated around passing out rag weed in the guise of cigars, bought by the wholesalers from some cheap jobber instead of the local dealer, and declaimed upon the glories of the Republic in general and the voter in particular. He promised everything delivered little or nothing. Today he goes to the editor of the local paper, contracts for a liberal

amount of legitimate display space, and talks to the voters in an honest and manly way. In the old days he reached only a few of the voters, whereas by the present method he talks thru the medium of his advertisement to every voter in the community. What he says is on record in cold type and carries conviction. It is the method that produces tangible results, that gets the votes, that appeals to the intelligence of an honest people. Keep your eye on the advertising columns of this paper and see what your candidates have to say.

A blue mark on this space is notice that your subscription will expire in three weeks. Prompt renewals will prevent any papers being missed by subscribers. The Postal Department requires all subscribers to be paid in advance unless other arrangements are made. If you want the Gold Hill News let us know in person or by letter. Unpaid subscriptions are now due.

No dyestuff shortage will ever turn the old flag yellow.

The true secret of feminine beauty is to be born pretty.

Laws, we'll soon be smacking our lips over early green peas and wax beans.

The true course of a love brain storm apparently begins at the heart and ends at the pocket book.

Pigs is pigs, but some have only two feet.

Few Days of Contest Left. Final Count Monday, April 17th

Now listen! There is absolutely no truth in the statement that this is the closed season for hunting subscriptions. The law permits live active aggressive contestants to hunt subscriptions until the close of the contest and there is a bounty on them too. For every new subscription brought in, a bounty of 600 votes in the Voting Contest is paid. Some happy young lady is going to march away in just a short time wearing a smile that won't come off, because that young lady will have won the grand Obermeyer & Sons piano. There are only a few days left of this contest.

That means that the race still belongs to anybody who has just a little initiative. The fact of the matter is that no one yet has such a start that it could not be easily overcome in a few days of consistent work. This is certainly the most glorious opportunity that the young ladies of this community have ever had. Every contestant now thoroughly understands the rules and methods of securing subscriptions and the majority of them have settled down in earnest zealous work that eliminates idle dreaming and means working for some definite point. The aimless haphazard soliciting has been dropped and a systematic campaign for votes is now in progress. You cannot tell how many votes a candidate really has by the score that was published for the reason that the majority of contestants are wisely voting a very small portion of their strength, thus keeping their real strength covered up from their opponents. But the score indicates those who can come to the front when the proper time arrives. There is no question but what everyone in and around Gold Hill has been solicited, or have at least heard about this contest. The better field for operation now lies in the country—as practically everyone in town is now a subscriber to the paper—or never will be. The contest department wants to urge on every contestant the necessity for making the next week count for all they are worth. The time is growing short and it is only the real hustler who will have much of a show after that time. That is why it will pay to get in the game with all the energy you can command from this time until the close. pd. ad.

Army Men Barred from Talks.
Spokane.—Shortly after the Northwest preparedness conference began here a telegram was received from the war department at Washington instructing army officers not to take part in the conference. The telegram was received too late to affect the appearance of Lieutenant-Colonel David J. Hear Without Ears

Police and Detectives Are Using Lip Reading in Place of the Dictagraph.

Thousands of deaf people are today throwing away all hearing devices and enjoying all conversation. This method is easily and quickly acquired thru our system. Absolutely the only thing of its kind in the country. Our proposition is entirely original. We guarantee results, it will amaze you. Cost is trifling. See what New International Encyclopedia says on Lip Reading. Hundreds of people with normal hearing are taking up Lip Reading for the many additional benefits gained. You can understand what people are saying just as far away as you can see them. The eye understands beyond the range of hearing. Send no money, but mention this paper and state whether or not you are deaf. All particulars will be sent you absolutely free and with no expense to you. Address, School of Lip Language, Kansas City, Missouri.

Sheep to the number of 55,000, and cattle to the number of 6500 will be grazed in Santiam, Deschutes and Cascade national forests this season.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Tuxedo is aged from three to five years in wooden hogsheads to make it mellow and sweet flavored. But the thing that takes out all the bite and harshness and makes Tuxedo so bland and gentle that it can't hurt the most sensitive tongue or throat, is the famous and exclusive "Tuxedo Process."

One week's trial of Tuxedo will show you.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 4 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and remove dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.
