Many of our local farmers have been attracted by the glowing literature describing Sudan Grass. We are very much in favor of this grass and would like to see every farmer try it on his place. However there is one thing to be afraid of and that is to be careful who you buy seed of and know what you are buying. The dreaded Johnson Grass is very similar and is often sold to unsuspecting farmers who plant the seed and thus ruin many a fine acre of land. This dreaded pest is of no use whatever and will not attract a horse or cow. Once started it is almost impossible to stop. If you are interested in Sudan Grass call or write to the News Office and you will be furnished with the names of good reliable Oregon growers who will give you all the information necessary and will furnish you with guaranteed seed of the best grade. It is the greatest fodder known.

We wonder how many of the Jackson County Editors will be present at the Medford Circus. We received a very flattering bunch of press notices with a request for exchange courtesies. We wonder when these gentry will get over working the country press. It is a sure bet that these press passes to the circus will not be accepted in payment for rent or the other necessities of life.

Nearly every town has two classes of citizens—the boosters and the killers. All the world loves the former, but even the devil shuns the latter. Be a BOOSTER! The booster is known by everybody, for he is always doing and saying something to push his town and his people along. He is the man who makes the town. The killer is the one who destroys it. Be a booster! The booster never loses anything but his boosting. He boosts other people and other people boost him, and thru this combination of boosting great things are accomplished. It is only the killer who fails of his own deeds. Be a booster! The booster is like a ray of sunshine on a cloudy day. He brightens everything and everybody around him. His Geniality, his cheerfulness, his energy, and his good deeds breed hope in the bosom of despair. His words and his acts aid others and enable himself. But the killer only kills, kills, kills! BE A BOOSTER.

It is a positive sin to go about among one's fellows with a long dreary face, a discouraged, disheartened expression, that tells them you are a disappointed man or woman, and that life has not been all you expected. It is an insult to your maker to advertise to the world through the bulletin Board of your countenance that you are a disgruntled pessimist. It is a crime to go around amid matchless abundance complaining of the lack of this or that, whining and finding fault in the midst of untold blessings. A gloomy, discouraged face is a reflection on the Creator who made us for Happiness, not for gloom and misery. If we are unhappy it is our own fault. Let us turn our faces to the sun and they will reflect the sunshine. They will draw it into our lives.

J. Percy Wells

I am a candidate for the Republican nomination for county school superintendent. I stand for: A continuance of progressive policies in education, economy consistent with efficiency, equal educational advantages for the boys and girls on the farms with those in the cities and towns.

If nominated and elected I will in the future, as in the past, give my full time and best efforts to the supervision of the schools and the administration of the duties of the office. During my incumbency I have not confined myself strictly to the routine duties of the office, but have taken a broader view of the mission of the county school superintendent. In addition to my efforts to raise the standard of teaching and improve the physical condition of the schools, I have labored to promote the welfare of the boys and girls through industrial clubs, school fairs, school credit for home work, parent-teacher circles,

spelling and arithmetic contests and other activities. I feel that my work has been regarded with favor, and, in order that I may continue it, I am asking for re-election.

—J. PERCY WELLS.

The Mortgage Lifter

An Electric Motor can lift anything. Let us tell you how. By MAKING TWO EARS OF CORN GROW WHERE ONLY ONE GREW BEFORE. Not getting the RIGHT AMOUNT of rain at the RIGHT TIME, is the principal cause of crop failure.

This is past history however, on hundreds of profitable farms throughout the country.

These FARMS use ELECTRIC POWER and MOTOR driven pumps allow IRRIGATION in the RIGHT AMOUNT and at the RIGHT TIME.

They are always ready, reliable and inexpensive, require no expert attention and will last a lifetime.

OUR POWER IS AT YOUR COMMAND AT ANY TIME, DAY OR NIGHT, THROUGHOUT THE YEAR.
