

RAILROAD WAGES

Shall they be determined by
**Industrial Warfare or
Federal Inquiry?**

To the American Public:

Do you believe in arbitration or industrial warfare?

The train employes on all the railroads are voting whether they will give their leaders authority to tie up the commerce of the country to enforce their demands for a 100 million dollar wage increase.

The railroads are in the public service—your service. This army of employes is in the public service—your service.

You pay for rail transportation 3 billion dollars a year, and 44 cents out of every dollar from you goes to the employes.

On all the Western railroads in 1915, seventy-five per cent of the train employes earned these wages (lowest, highest and average of all) as shown by the pay rolls—

	Passenger		Freight		Yard	
	Range	Average	Range	Average	Range	Average
Engineers	\$1747 3094	\$2195	\$1537 3076	\$2071	\$1056 2445	\$1378
Conductors	1543 2789	1878	1454 2933	1935	1151 2045	1355
Firemen	0.3 2078	1317	751 2059	1181	418 1552	973
Brakemen	854 1719	967	874 1961	1135	862 1821	1107

The average yearly wage payments to all Western train employes (including those who worked only part of the year) as shown by the 1915 payrolls were—

	Passenger	Freight	Yard
Engineers	\$2038	\$1737	\$1218
Conductors	1772	1624	1292
Firemen	1218	973	832
Brakemen	921	1000	1026

A 100 million dollar wage increase for men in freight and yard service (less than one-fifth of all employes) is equal to a 5 per cent advance in all freight rates.

The managers of the railroads, as trustees for the public, have no right to place this burden on the cost of transportation to you without a clear mandate from a public tribunal speaking for you.

The railroads have proposed the settlement of this controversy either under the existing national arbitration law, or by reference to the Interstate Commerce Commission. This offer has been refused by the employes' representatives.

Shall a nation-wide strike or an investigation under the Government determine this issue?

BEAGLE

Dr. Chisholm and Henry Ray visited the Little Jean Mine with Ralph Darling Friday morning of last week.

Loran Ice has been working at the Jean for the past week.

Cliff Hazelwood and John Drake are working in the Mill Hollow mines.

John Payne is helping Finis Mayfield with his hay crop which was quite badly damaged by rain of last week is being put under cover rapidly.

Frank W. Carnhan, Eric Anderson, Bum Neuber and game warden Walker made up a party who motored down Evans Creek for a look at the copper property that Lon Applegate is interested in Battle Creek last Thursday and Friday.

W. W. Scott is the new firewarden for Meadows district and has established his headquarters in the old cabin up on Morrison creek near where the saw mill burned down some years ago. Elmer Simmons who had this territory last year is this year stationed near Wimer.

Layne Wyland and wife and their mother came from the valley Thursday evening.

Bill Cottrell, brot Mr. Hockersmith with him from Medford Saturday night for a few days at the ranch recently purchased by Mr. H. from Wyland. He is staying with his son in law Dave Cottrell for the present.

No ball game for the Meadows team Sunday owing to the inability of Rogue River and Wimer to get together a team strong enough to meet them. The Meadows has been the winner in every game played this year.

It is great to wander through the exhibits while the band is playing "Dixie" and boast of the marvelous fertility of the soil and pride ourselves on our ability to master science, but it is also well to remember that there is a market side to agriculture that does not reflect its hardships in the exhibits at a county fair.

Let us talk Flour to U.

Do you know that Flour raised at the Mill 20 cts a barrel the other day. Well it did; And they tell us it is going to go up another 20 cts right away. BUT, that isn't what we want to talk about just now, we want to tell you something regarding various brands of Flour we handle.

CROWN.

that's it; everybody that tries it wants it again, it is made in one of the largest mills in the world, we have the exclusive right for Gold Hill. You can purchase it in single sacks at \$1.65 and we guarantee the quality of every sack we sell.

Then We have that old reliable

PURE WHITE

made at the Waitesburg Mills, Washington, it is made from Washington's best hard wheat and you can buy it at \$1.50 per sack, don't pass it up but give it a trial.

We take special pride in announcing that we have added to our stock the famous brand called Peacock, this needs no introduction for it has been sold in this community for a number of years, so you folks that have been inquiring about it will find it at our store at \$1.65 We guarantee the quality and will make good for the asking if you are not satisfied. You know that if there is any one thing that makes a woman feel like taking a leave of absence or going on a vacation it is to get hold of a bum sack of flour. You men take this tip from us, buy either one of these brands from us and we will guarantee that if your wife goes on a vacation, or for a plunge in the silvery brine that she will feel so pleased with the excellent bread that she made from the flour you bought her that she will ask you to go along.

COME AND LOOK

our flour stock over, we have been talking to you about the BEST ones. We have good flour that is cheaper in price.
