DID YOU EVER STOP TO THINK?

By
Edson R. Waite, Secretary,
Shawnee, Okla., Board of
Commerce

Willis Williams, National Advertising Manager of the Minneapolis Tribune, says:

THAT nationally advertised products are your insurance against inferiority, against adulteration, and, in some instances against short weight and ever changing prices.

THAT nationally advertised products assure you cleanliness in manufacture, development of products to high standards of perfection, ease of purchase and evenness of quality

THAT retail dealers are glad to handle nationally advertised products because they are known to you, the retailers' customers; he does not have to "sell" you on their merits; he does not have to fear being burdened with slow-moving goods, or of standing the loss of non sellers.

THAT nationally advertised products are made easy for you to purchase because their values are set forth often in the advertising telling about them, which reaches you through the newspapers coming into your home, and by the other mediums used.

THAT in many instances you are informed what dealers in your town carry the products, thus making it easy for you to obtain them.

YOUR REFUSAL TO ACCEPT substitutes for nationally advertised lines, thus increasing the demand for them, will eventually enable the manufacturer to increase his production and reduce the price. This means economy in the operation of your household business and increases the opportunities for employment, resulting in a more prosperous and a happier condition for the people of the Nation as a whole.

PIANO MUST BE SOLD
Will sacrifice high-grade piano in storage near here for immediate sale. Will give easy terms to an established home. For full particulars and where it may be seen address Portland Music Co., 227 6th St., Portland, Ore. 49-51

ROGUE RIVER, OREG.

BRIEF NEWS

By Mrs. E. M. Scott,

Funeral services for John Henry Priest, a resident of Rogue River for the past six years, were held in the Chapel of the East side Funeral Directors at Portland, Ore., March 18th at 2:30 P.M.

Mr. Priest was 78 years old and a pioneer, having made the journey overland from Nebraska nearly 30 years ago when he and his family settled in Montana. He is survived by his wife, Barbara E. Priest and three daughters and two sons, also five grand children, three brothers, and two sisters. His brother Bert is a well known resident of Rogue River. Death came after an illness of two weeks at the Good Samaritan Hospital at Portland and was a shock to his many friends and relatives who mourn his loss. Interment was made at Riverside cemetery, Friday evening March 26.

The dance given by the I.O.O.F. at their hall was a very pleasant affair and was attended by a good crowd. Another dance will be given on Apr. 9th. Music by the Rogue River Orchestra. Supper by the Rebekah's.

The ladies of the Civic Improvement Club met at the ranch home of Mrs. E. R. Carter and Mrs. James Wiley Friday afternoon, March 26th. The main business of this meeting was the election of officers with the following result: Mrs. Oscar Shepherd, President; Mrs. Florence Bodkin, Vice-president; Mrs. A. K. Earhart, Secretary; Mrs. Reed, Assistant Secretary; Mrs. Brashear, Treasurer; Mrs. Lora Carter, Musician. At the close of the meeting delicious refreshments of ice cream and cake were served by the hostesses, Mrs. Carter, Wiley and Miss Evelyn Carstensen.

E. W. Scott was a business visitor at Grants Pass on Monday.

Miss Geneva Shattuck and Miss Vada Kathen and Mr. Shattuck were Talent visitors Friday evening.

A very interesting basketball game was played here Saturday night between Jacksonville and the local boys with J'ville boys a winner. The net proceeds were \$26, which will be given to Florence White, who was injured while playing basketball.

Dr. Geary, county doctor, was a visitor in this vicinity recently having been called to see Mr. W. L. Blackwell who is very ill at his home. He is very old and has no one to care for him so will be moved the last of this week to the hospital at Talent where he will have good care and can be close to the doctor.

At the regular meeting of the Rebekah lodge Thursday night Mrs. Francis Burkhardt and Mrs. Myrtle Scott were elected as delegates to the Grand Lodge which meets at Salem, May 25th.

Wayne Holdridge and Scott Kerns Lawrence Burnett, Margaret Purvis and Ruth Edmunson were visitors at Rogue River, Friday night from Talent.

Emmet Sutton, wife and son John, Chief of Police Floyd Lance and wife, Mrs. Bertha Adams and Mrs. Jane Cook and daughter Bernice were attending the I.O.O.F. dance Friday night from Gold Hill.

Mrs. Ralph White who was recently operated upon is reported as steadily improving.

Don Dimick of Wimer left Sunday evening for Cow Creek where he will be employed for the summer.

All of the men of this community who are employed at the mill on Jump-Off-Joe are home as the mill closed down all work Sunday after the tragic accident and will not start work again until Wednesday.

J. B. R. Morelock, who during the past few days suffered what was at the time considered as a very serious sickness, is again reported as on his feet and getting along fine. He was confined to his bed with convulsions.

Let me figure on your trucking or teaming, grading J.J. Ritter pd ad—37

Here's what
"kilowatt-hour" means
~~in dollars and cents~~

"Kilowatt-hour" sounds technical. But see how simple it really is.

Here is a 50-watt lamp. Use it one hour.

That makes 50 watts for one hour—the same as though you used one watt for fifty hours. Now let it burn for 20 hours—in 20 hours it will use one thousand watt-hours, or one kilowatt-hour.

Kilo

"Kilo" is a Greek word that means thousand. A kilowatt is one thousand watts—so one hour's use of one thousand watts is called a "kilowatt-hour." People who know electrical things by their first names call it "K.W.H.", for short. It is the unit of measurement for your electricity.

You buy electricity by the kilowatt-hour, just as you buy potatoes by the bushel. A kilowatt-hour may cost ten cents—although it will be less than that if you have an electric range or other economical appliances.

Now see how cheap electricity is, by the penny's worth!

The 50-watt lamp that keeps your living room lighted while you're away at the movies uses 100 watt-hours in two hours' time.

That is just one-tenth of one of those mysterious kilowatt-hours—one cent, or even less, for two hours' service!

Electricity
is the cheapest service
you can buy.
