

U for Upton and Upton for U

SENATOR UPTON SHOULD BE NOMINATED FOR GOVERNOR in the Republican primaries. Oregon an undeveloped state despite its aggressive and progressive people, has suffered long enough from negative and destructive gubernatorial example and leadership of democratic governors, slick governors, lousy governors, and patriarchal governors.

THIS ELECTION YEAR political field conditions are much the same as they have been in the past when republicans in the primaries have become confused and confounded by divided and unwise council resulting in mediocre and weak candidates and in the general election the kind of governors and other high public officials who have been contributing major factors in Oregon's slow development.

Oregon needs a young and active, sane and experienced, progressive republican governor—one with his future before him and not behind him, one whose ambition is to serve and serve well all the people for his future's sake and one whose ambition is merely to hold high office for honor's sake, to round out and top off an already crowded career.

Oregon needs a republican governor who is fearless, who is not alone mentally able but is physically able to go through with four years grueling, hard, constructive labor and work for Oregon—a governor who will take council from wise old men but who can enthuse and rally around him young, aggressive leaders and builders with fortunes and fame to make in Oregon.

OREGON NEEDS A REPUBLICAN GOVERNOR who is alive, awake alert—not one disillusioned, tired—and above all one who can with mind and body meet and defeat destructive propaganda, destructive principles and destructive men.

SENATOR JAY H. UPTON WILL MAKE JUST SUCH A GOVERNOR and he should be nominated in the republican primaries. We want industries, we want payrolls, we want capital, we want prosperity—we want to be busy, to prosper, to make money, to live. Senator Upton as Governor Upton will help us to these ends. Oregon is a young and growing state. Let's elect young and growing men to office.

Stanfield Gets Favorable Report On His \$5,000,000 Refund Bill

Restoring Taxes to 18 Counties

Senator Stanfield's bill to refund \$4,907,000 of O. & C. grant land taxes to 18 counties of Oregon was reported out favorably on May 8, 1926, by his Senate Committee on Public Lands, for passage in the Senate. Beside restoring this big sum to the counties affected, the bill provides for the annual payment of \$500,000 hereafter, which will very greatly reduce the burden of the taxpayers of Oregon.

Winning Fight for Resources

Senator Stanfield maintains that Oregon's resources belong to the people of Oregon and is making a determined fight to secure for them all of the revenues derived from the utilization of public lands in Oregon, and to materially reduce taxes. His Grazing Bill reported out favorably by the Committee on Public Lands, is the entering wedge of his campaign toward that end.

Stanfield for Port and Shipping

U. S. Senator McNary wired Bert Anderson, republican county chairman of Jackson County, on May 4:

"I am busy assisting in the hearings before the Senate Commerce Committee on the attempted sale of the Oriental line by the Shipping Board to the Dollar interests. SENATOR STANFIELD IS ASSISTING ME IN EVERY WAY HE CAN."

Writing Favorable Report on Lincoln County Refund

As ranking member of the Senate Committee on Claims, Senator Stanfield is drafting the report of that committee recommending the passage of the McNary bill for the repayment to Lincoln County of over \$45,000 in back taxes on the U. S. Spruce lands.

Insists on Early Completion of Roosevelt Highway

Senator Stanfield recognizes the economic and strategic value of the Roosevelt Highway and maintains that it should be completed at the earliest possible moment, because of the great development it will bring, particularly to all of Western Oregon.

Helped Pass Original Federal Highway Act

Senator Stanfield, as a member of the Committee on Post Offices and Post Roads, gave material aid in securing the passage of the original \$75,000,000 Federal Highway Act. Senator Stanfield secured the inclusion in the Townsend bill of an appropriation of \$15,000,000 for forest roads, the first large appropriation for forest roads ever made by Congress.

More Federal Funds for Rivers and Harbours.

Since Senator Stanfield has been in the Senate, \$7,386,000 of Federal funds have been secured for the improvement of rivers and harbors in Oregon. As a member of the powerful Finance Committee, Senator Stanfield insists upon larger appropriations for river and harbor improvements in Oregon and is in position to render valuable aid in securing Oregon's just share of government money for this purpose.

STANFIELD'S HIGH RANK ON SENATE COMMITTEES HELPS OREGON. IT WOULD TAKE YEARS FOR A NEW MAN TO ATTAIN HIS RANK IN THE SENATE.

A LEAK IN THE DAM

Money flowing out of town to enrich the coffers of distant mail-order houses and other establishments is a drain upon local civic prosperity. To reap the best results for our community and thus for ourselves as well, our dollars should be kept at work in town.

Buying in Gold Hill means getting the most for our money. Not only do we get standard goods at the most reasonable prices, but we make an investment that eventually brings dividends in the form of better stores, better streets and a better city.

Why let any such leak as out-of-town shopping threaten local enterprise. We should make our community spirit a bulwark so strong that nothing can penetrate it
