SEE THE WORLD THRU CLEAN WINDOWS

We are not in the business of washing windows but we do not let our customers drive away with dirty windows. That is just one of the little courtesies which our customers are used to. That is the reason they are coming back and sending in their friends. You too can enjoy good service with no additional cost.

CAVEMEN DROP GAME TO LOCAL SWATSMITHS

About the best game of baseball played on the local diamond this season was the one played Sunday afternoon when the cavemen of Grants Pass met the local baseball club for the second time on the local field. The former game was a walk away for the Grants Pass delegation and was played amid showers which finally broke up the ball game and even the score keeper did not stop to figure up the score.

Sunday's game was different and the score was very close all the time being tied at two different stages. Timely hitting and the scarcity of errors helped to hold the score down to the 7-5 count recorded.

Other games are being planned for the rest of the season and the local fans will be given more opportunities to see the locals in action in the future.

ACE OF SPADES WILL OPEN SATURDAY NIGHT

According to an ad on another page of this issue, the Ace of Spades confectionery will throw its doors open to the public Saturday evening. The place has been beautifully equipped with furniture manufactured in Gold Hill and everything will be new, clean and up-to-date, according to Mr. Snyder.

Besides handling a fountain and confectionery line, Mr. Snyder will furnish expert guide service along the Rogue river for fishermen who do not know the antics of the salmon and steelhead.

Mr. Snyder is busy making the finishing touches to the place and getting lined up upon some entertainment he expects to have in the evening when he opens his new place of business.

RUBBER—

Even a preacher might be forgiven should he use a naughty word trying to travel on worn out tires. Those last hundred miles are the most costly miles there are in a set of tires. Save money by saving time. Let us fix you up with new tires. Tires are cheap now and blow-outs are often costly.

Come in today.

The affair resulted in a complete surprise to the Blairs. Refreshments were brought by the guests and served late in the evening.

Temples Not Lasting

Chinese temples are rarely very old. Being built of wood, they have not had the lasting qualities of marble and granite.

CHECKING STATION

CONTRACT AWARDED

Contract for construction of a quarantine checking station for the division of agriculture near Crescent City was awarded today by the Department of Public Works to Oliver Salmille, San Francisco, on his bid of \$8,978.

The new station will replace the one now in use south of Crescent City a short distance, and will be erected in the vicinity of the Joyland, on the Redwood highway north of this city in the neighborhood of 30 miles or more.

This is another chance for Oregon motorists to be frisked while on an outing toward the coast.

The knowledge of the ancient languages is mainly a luxury.—Bright.
