GOLD HILL HAS UNIQUE HOT DOG DISPENSER

The Hi-Way inn has a unique hot dog machine—the only one of its kind west of the Mississippi, according to Mrs. J. A. Grimes, proprietress, who says it is an invention patented by her brother-in-law.

The dispenser is a combination steamer and toaster which steam-cooks the hot dogs in a tight container, and toasts the long buns on two candle-like fingers. The result is a delicious tender Weiner, poked into a hole in the crisp-crust hot bun. Needless to say they are in great demand.

Place Limestone On New Jackson Co. Court House

Work of placing the first layer of Indiana limestone on the exterior of the new county courthouse started Monday morning. It is expected to take six weeks to complete the work. The Indiana limestone was secured at a "bargain," being approved by the courthouse advisory committee, county court and citizens of the county generally. Work of installing the jail equipment has started and the skyline of the structure is beginning to take shape. The chimney for the "hog fuel" burner has been completed. The interior work is also well under way, and plasterers will soon start.

Amethyst Rebekah lodge honored its members having April birthdays at their Wednesday night meeting, lunch being served after the business session.

a Diploma and a BANK ACCOUNT

In These Days when we have all learned the value of a Savings Account, what better gift could we give the young graduate than a savings account, backed with a deposit of whatever size you can best afford.

Then, a few words of counsel, and encouragement to keep it growing, slowly but surely, thru their own efforts, would be a fitting climax to the lessons they have been taught in the school room.
