TIME WILL TELL

During the past few months various projects have been attempted in Gold Hill by its service organizations. Some have succeeded and some have failed. Without doubt, lack of cooperation was the reason for most of these failures, for it has been noticeable to most of us, that when a project was proposed the objection was raised that so and so would not help. Why? Because, about five years ago he wanted something and somebody else voted against it; therefore, he had never cooperated in anything since-or something to that effect.

The school affair is causing many "headaches"—and many heartaches, as are the other projects.

Did it ever occur to you that these "headaches" and heartaches MIGHT be Growing Pains? . . . And are we going to let them be so permanent that they STUNT our growth as a community-and as individuals?

Somewhere we have read, "There are THREE sides, not TWO, to everything—"your side," "my side" and the RIGHT SIDE.

Well, folks, we took another jump this week, and have for you twelve pages of good live news about yourselves, your neighbors, near and far, and about the many items you can purchase now to your advantage, as suggested in the advertisements in this issue. Also there is a page of political news. Again, we say, that we are trying our level best-even working until two o'clock in the morning (Millard Rasmussen of Spencer, Iowa, please note and smile WITH us)—to make this a good paper. We will not day at his mine in the Meadows. always have 12 pages, but we hope we can once in a while. We will have eight pages at least, and we're gla'd you like it-as some of you have told us.

G. R. Carter, Clerk Candidate Visit Here

George R. Carter, candidate for the republican nomination to the office of county clerk, was a visitor in Gold Hill last week. Regarding his candidacy, Mr. Carter says he pledges that he will, if elected,

conduct the affairs of the clerk's office with strict economy, and will show due courtesy to all whom he has occasion to serve while administrating the office.

Mr. Carter has lived in Jackson county over 40 years. He was raised in Ashland, and later lived for 15 years at Talent. The last seven years have been spent in Medford. For five years, from 1908 to 1912, Mr. Carter was manager of Medford Ice and Storage company.. He has also served the county as deputy, but has never held public office.. Two years ago, he entered the race for the county clerkship, being defeated by a narrow margin.
