

LIKES TO KEEP BUSY

Is Bob Woolsey a tireless worker? We just got it as a fact that in eleven years of Broadway hits Bob had only seven weeks of vacationing! His picture career to date has proved a little less exacting.

Woolsey is teamed with the ever-present Bert Wheeler in the Columbia picture, "So This Is Africa!" coming to the Roxy Theatre on Tuesday and Wednesday. Raquel Torres is the girl.

AGAIN SEEK RAILROAD TO COAST

(Continued from page 1)

Pennsylvania.

James Twohy, representing the Twohy Brothers interests, was over the local field four weeks ago and made preparations for today's formal application before the interstate commerce commission. The original interests in the railroad have kept all government rights to traverse the 72 miles of government and private lands alive through the years since 1914, several times defending them in open hearings so that when an opportunity like the present arose there would be nothing in the way of immediate construction should a favorable action on the I. C. C. and the R. F. C. applications be given.

The application papers which were filed today in Washington, D. C., were signed in the offices of Twohy's attorney, James G. Wilson in Portland last week upon the return to this coast of Mr. Demaray from an extended trip in the east.

Body Of Man Drowned In Rogue Is Found

The body of Frank A. Lowe, who was drowned in the Rogue River May 30, was found below Gallea last Friday afternoon by J. L. Bore. Lowe was drowned when he jumped from a dredge that was working on when it broke loose from its mooring, frightening Lowe. The current proved too strong for him to swim the river.

Cougars Kill Many Hogs In Curry County

Bob Miller of Gold Beach, predatory animal hunter is busy these days in Curry county killing cougar and bears that have been molesting livestock in that section. Recently he has been working in the Pistol river section where cougars are said to be thick and have taken a heavy toll in the hog lots.

California Still Leads In Furnishing Visitors to Caves

The season at the Oregon Caves has only fairly started, being so far about on a par with that of 1932. Backward spring probably accounts for a lack of increase over last season. The past few days of good weather gives encouraging promise that there will be more travel than the previous year. Quite significant as from whence these visitors will come is the following:

Of 81 persons through the caverns Tuesday, 55 were from California, 11 from Washington, 12 registered from Oregon and three from British Columbia. A careful check was made of the highways over which these people came—51 came from the south over the Redwood Highway.

way and were leaving via Grants Pass; 27 had come from Grants Pass, of which three were residents of that city. The remaining three had come down the Oregon Coast highway and from Crescent City to the Caves and were returning to travel south via the Redwood Highway.—Grants Pass Courier.

Miss Dora Smith was removed from her home to a hospital at Grants Pass Sunday evening. Her condition is reported as quite serious, but so far doctors have not diagnosed her case.
