Frank Cook and Dorothy Cook of Dunsmuir, California, spent a short time with relatives in Gold Hill Wednesday afternoon. They returned to their home Wednesday evening, making the trip by car.

GAY HALLOWE'EN PARTY AT THOMPSON HOME

One of the most cleverly planned and successfully carried out Hallowe'en parties was enjoyed by a group of twenty-four guests who were entertained at the home of Mr. and Mrs. Paul Thompson Tuesday evening, with Mrs. Thompson's sister, Mrs. Aletha Robbins, as cohostess.

Guests arrived garbed in various costumes, ranging from farmers and milkmaids to hoboes and clowns, and gained entrance via the back door, through a wierdly lighted "woods." Bud Force and Ray Thompson, as clowns, furnished much of the hilarity during the evening.

Chief diversion was bridge, played at five tables, but play was often interrupted by impromptu funmakers. High-score set prizes which consisted of articles of wearing apparel which the winners were required to wear through the next four hands created much merriment and two masks won by George Hammersly and Mae Logan threatened to halt the game.

High score prizes for the evening went to Mr. and Mrs. Aurele Meunier, Mr. Meunier receiving a bottle of cider, and Mrs. Meunier a pumpkin and a pie tin, while Bud Force, as low-score holder, was awarded a huge doughnut.

Several other games were played following refreshmenets, and it was not until well after midnight that the guests departed. Those attending were Mr. and Mrs. Joe Blair, Mr. and Mrs. Geo. Hammersly, Mr. and Mrs. Earl Moore, Mrs. Mae Logan, Mr. and Mrs. Frank Carter, Mr. and Mrs. A. Meunier, R. P. Beatty, Mr. and Mrs. Arthur Gorham, Mr. and Mrs. H. D. Force, Mr. and Mrs. R. E. Blankenburg and their guest, Mrs. K I Close of Portland, Mr and Mrs. Ray Thompson and the host and hostesses.

SARDINE CREEK NEWS

Ford V8 Tells Its Own Story

C. E. GATES AUTO CO., INC.

SALES Ford SERVICE

Corner Sixth and Riverside, Medford, Oregon

Medford, Oregon, October 12, 1933.

I witnessed the filling of gas in the 1933 Ford V-8 sedan; the sealing, by soldering the oil filling cap and the locking of the gas filling cap and turning of keys, to same, over to Weldon Zundell of the Standard Service Station; also the checking of gas put in and the draining of the oil from the crank case at the end of the 1,000 mile run.

Five (5) quarts of oil was put in at the start and four (4) quarts drained out at the end of the 1,000 mile run.

Results: Forty-nine (49) gallons of gas and one (1) quart of oil—twenty and one-half (20½) miles to the gallon of gas, and 1,000 miles to one (1) quart of oil.

L. C. GARLOCK, Mgr.
