Ulster County Gazette

The Ulster County (New York) Gazette of January 4, 1800, became famous because it carried the first complete account of the death and funeral of George Washington. More than a million reproductions of that issue have been printed and sold, many still being regarded by their owners as historic treasures.

However, there are only two known original copies—one owned by the American Antiquarian society, Worcester, Mass., the other by the Library of Congress.
