## FUTURE AMERICANS ON THE MARCH

February 6th to 12th has been designated as Boy Scout Week for the nation and the Scouts will be receiving special recognition during that period.

Some appalling discoveries were made a few months ago when the first draftees were taken into physical examination headquarters. In fact, from the first group only a few were taken because of some physical unfitness. America is waking up to the fact that to have strong healthy men, there must be something done about physical decline during the past years. Boy Scouts are doing their part to promote not only good health among the boys of the nation but they are also assisting in all kinds of civic betterment in the communities in which they live. The "Cubs" as well as the older scouts are active in many war activities in our local community as well as cooperating with the scouts of America in the nationwide and international work.

If we expect to have the Future America a nation of strong healthy men, then Boy Scout Week should have a very definite place in our thinking the coming week. One of the first requisites of a good scout is to keep himself physically fit. Grown-ups could do well to profit by some of the lessons of the Boy Scouts of America.

Boys need the sympathy and understanding cooperation of the community and the courteous boy who calls at your door to collect old papers for his government or deliver a message should be greeted with a like courtesy. Let's encourage the Future Americans to raise the standard of physical fitness for service to their country now while they are young and anxious to build healthy, strong bodies.

It's time for dad and mother to take a little interest in the future citizens of America. The most of us are too busy to give our children much time. We leave them to their school teachers and other community servants to mold their lives and often times the lad who needs the consideration from his dad or his mother never gets it. Every American boy has the right to expert a little fair play from his parents.

The Boy Scout Week properly supported by the adult citizenship of the community will make home life better in Gold Hill and surrounding communities. It will make stronger, healthier, better boys of our future Americans. Give the boy a boost beginning today and keep up the good work. Your son is worth your making some sort of sacrifice for, other than providing him with food and clothing. He needs his dad and mother to guard him from the pitfalls of this old world and his confidence should be every parent's most cherished possession. Legalized traffic in human debauchery and open pitfalls for the youth will not continue if we build the Future American on the principals of the Boy Scouts of America.

## MERCILESS KILLER

In the last year alone, tuberculosis killed approximately 10,000 more Americans than were killed in action or died of wounds in World War I.

In all the wars fought by this country since 1776, with the exception of the present conflict, death, resulting from military action or from wounds received in action, totaled 244,450. In the four-year period, 1937-40, tuberculosis killed 254,668 of our citizens.

Civilian air-raid casualties in England during a ten-month period in 1940-41, when enemy air activity was at its zenith, totaled about 36,000. During a comparable period in this country, tuberculosis took 50,000 lives.

War means that millions will work longer and rest less. Weariness and exposure are two of T. B.'s most effective allies. Every precaution, public and private alike must be given to controlling it during the war period. So far as the individual is concerned, he should immediately see his physician when any symptom of illness appears. We must never slow the fight against this merciless killer.

## MATERIAL WASTE MUST BE STOPPED

Retail merchants are being called upon to take a leading part in the campaign against waste of essential materials.

At the moment, principal attention is being given to conserving rubber and paper. Merchants are asked to use a minimum of paper in wrapping parcels, and to use none at all for packaged goods. It is recommended that the number of store deliveries be reduced whenever possible.

The consumer should understand what is being done, and cooperate. Don't ask to have your purchases wrapped or put in bags if you can conveniently carry them as they are. Take your purchases home yourself, instead of asking for delivery service, whenever you can. Save boxes and paper of all kinds,—they can be reclaimed and put to further use.

Experiments are now being conducted to discover whether or not it is feasible to reclaim the tin content of cans, and before long you

## I'M GLAD

may be asked to save your used cans. Tin, like rubber, is fast becoming scarce.

Both chain stores and independent stores are taking active part in these "prevent needless waste" endeavors. Your cooperation will enable them to give you the best possible service consistent with current conditions. And your cooperation will help conserve materials which are vitally needed in defense work.

## LAYMEN'S HOME MISSIONARY MOVEMENT

What events must precede our entering Heaven and seeing the Lord?

1. Jesus' Second Advent, Matt. 16:27: For the Son of Man shall come in the glory of His Father with His angels, and then He shall reward every man according to his works, John 14:2, 3: I go to prepare a place for you. And if I go and prepare a place for you, I will come again, and receive you unto myself, that where I am, there ye may be also.

2. The resurrection of Jesus' followers from the dead, Luke 14:14: And I shall be blessed, . . . for thou shalt be recompensed at the resurrection of the just.

3. The Judgment Day, 1 Cor. 5:5: Deliver such an one unto Satan for the destruction of the flesh, that the spirit may be saved in the day of the Lord Jesus. 2 Tim. 4:8: Henceforth there is laid up for me a crown of righteousness, which the Lord, the righteous Judge, shall give me at that day, and not to me only, but unto all them also that love His appearing. Rev. 11:18: And the nation's were angry, and Thy wrath is come, and the time of the dead, that they should be judged, and that Thou shouldst give reward unto Thy servants, the prophets, and to the saints, and them that fear Thy name, small and great.

"The Herald of the Epiphany".

Word received this week from Kenneth Ward, 34th bombardment Squadron, Pendleton, Oregon, states that he surely did appreciate the Christmas box of good things to eat sent him by his friends in Gold Hill.

## CHRISTIAN SCIENCE CHURCH

"LOVE" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, February 1.

The Golden Text was, "We have known and believed the love that God hath to us. God is love; and he that dwelleth in love dwelleth in God, and God in him" (1 John 4:16).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Ask, and it shall be given you; seek, and ye shall find; knock, and it shall be opened unto you: For every one that asketh receiveth; and he that seeketh findeth; and to him that knocketh it shall be opened" (Matt. 7:7,8).

The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "That God is a corporeal being, nobody can truly affirm . . . No, materially but spiritually we know Him as divine Mind, as Life, Truth, and Love. We shall obey and adore in proportion as we apprehend the divine nature and love Him understandingly, wanting no more over the corporeality, but rejoicing in the influence of our God" (p.140).

Mrs. George Dorman left Monday for Perry, Iowa, in response to a message that her father was seriously ill.
