

# NEW IDEAS for Home-makers

By RUTH WYETH SPEARS

JUST an old dresser with no mirror and one leg broken, but a new base gave it a modern air. Open shelves on top were the next step. The owner writes that she sent for scallop pattern 207, planning to have jig saw scallops cut for the shelves but she changed her mind and used the pattern for painted scallops instead. The whole piece was painted pale gray

to match the kitchen woodwork; scallop designs were then chosen to fit drawers and cross boards at top and bottom of shelves. These, as well as base and drawer pulls were painted orange.

NOTE—Scallop pattern No. 207 gives dozens of designs to fit any space. These may be cut out of wood, composition board, linoleum, oil cloth or paper. They may be pasted or painted on wood or metal. The pattern may also be used to make novel finishes for curtains and other things of fabric. Ask for pattern No. 207, and address.

## PREPAREDNESS by the AMERICAN RED CROSS

When disaster strikes, the Red Cross is first in and last out.

VOLUNTEER Special Services of the American Red Cross have been geared to meet war requirements and war priorities.

Although a shortage of materials has cut down production work, women who have sewed and knitted for the Red Cross will be glad to know that, under an agreement with the War Production board, a certain amount of wool and yard goods will be available for Red Cross workers, according to Mrs. Dwight Davis, national director of this Red Cross program.

These restricted quantities are to be used only for knitted articles for our soldiers and sailors when requested by their commanding officers, and for garments for civilian relief, either at home or abroad, which are absolutely necessary.

The Red Cross Motor corps has been active since the early days of the First World War, but since last year its work has more than tripled. Motor corps volunteers drive the ambulances which provide transportation for hospitals and Red Cross chapters, and hold themselves ready for service in any kind of emergency. Besides their basic training in motor mechanics and advanced first aid, many members are now studying map reading, stretcher drills, and convoy and ambulance black-out driving in co-operation with their local police and fire departments.

A new canteen aide corps has recently been formed in preparation for wartime emergencies, when feeding of large groups of people such as evacuees or disaster victims may have to be hastily organized.

Red Cross nurse's aides, who have learned how to help the trained nurses in hospitals and clinics, are now being trained to work on the emergency medical field units set up in large centers in case of air attack.

The other general wartime volunteer services of the Red Cross include home service to the families of the men in the forces, the hospital and recreation corps which brings cheer to the sick and wounded, and the staff assistance corps, which provides volunteers for all kinds of office work in hospitals, clinics and Red Cross chapter and to man information desks and register disaster victims.

Anyone can recognize opportunity after the other fellow has seized it.

**Simple as That**  
"Yes, I came face to face with a lion once," said the club liar, "and I was alone and unarmed."  
"Heavens, what did you do?" asked a new member, who didn't know his man.  
"What could I do? I tried staring straight into his eyes, but he just continued crawling towards me."  
"How did you get away, then?"  
"I just left him and passed on to the next cage."

**Slow Going**  
As the secretary of the golf club was crossing the course he saw a player driving off about a foot in front of the tee-mark.  
"Here," he exclaimed indignantly, "you can't do that! You're disqualified."  
"Why?" demanded the player.  
"You're driving off in front of the mark."  
"Don't be an ass!" was the terse reply; "I'm playing my third shot."

## Eternal Now

Above the indistinguishable roar of the many feet I feel the presence of the sun, of the immense forces of the universe, and beyond these the sense of the eternal now, of the immortal... There lives on in me an unquenchable belief, thought burning like the sun, that there is yet something to be found, something real, something to give each separate personality sunshine and flowers in its own existence now.—Richard Jeffries.

The problem of what to send a service man has been solved by the men themselves. Tobacco tops the list of gifts service men prefer from the folks back home, according to numerous surveys. If you have a friend or relative in the armed forces—Army, Navy, Marines, or Coast Guard—who smokes a pipe, or rolls his own, a pound of his favorite tobacco is very much in order. A big favorite with many service men is Prince Albert, the world's largest-selling smoking tobacco. Local dealers now are featuring Prince Albert in the pound can for the men in the service.—Adv.
