From an old French word "mes" derived from the Latin word "missus" meaning a course at a meal, comes the Army's name "mess" for its breakfast, dinner, and supper. Favorite meal with the soldier is chicken dinner—his favorite cigarette, Camel. (Based on actual sales records from Post Exchanges.) A carton of Camels, by the way, is the gift he prefers first of all from the folks back home. He's said so. Local tobacco dealers are featuring Camel cartons to send anywhere to men in the armed forces. —Adv.

Sentinels of Health
Don't Neglect Them!
Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.
Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.
The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use **Doan's Pills**. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

Wouldn't Say
A party of tourists were being shown over the cathedral by a guide.
"Behind the altar," he told them, "lies Richard the Second. In the churchyard outside lies Mary Queen of Scots, also Henry the Eighth. And who," he demanded, halting above an unmarked flagstone, "who do you think is a-lying 'ere?"
"Well," answered a near-by tourist, "I don't know for sure, but I have my suspicions."

HA! HA!
"Paine got off a great mother-in-law joke the other night."
"That so? What was it?"
"He said he was very fond of her."

sides, top and bottom are screwed together at the corners. Use half-inch metal angles as shelf supports, or make grooves for a neat job. As shown in the sketch, the cupboard is trimmed and made rigid with plywood scallops secured with half-inch screws.

In this bathroom a morning glory applique design is used for towels of two sizes and for curtains.

The handy towel and lotion cupboard is painted white outside and morning glory blue inside. The

Household Hints

To keep bread in the best condition, store it when cool in a clean, well-aired, covered, ventilated container and keep in a cool, dry place.

To protect garden shoes keep them well greased or oiled with neat's-foot oil or cod or castor oil, tallow or wool grease. Let dry in a warm place.

Sheets and other linens should be ironed in different folds each week so the creases will not break through.

Sweet corn, green string beans, green peas, pumpkins, squash, celery and greens are best vegetables for home drying. Apples and berries are adapted to drying in the home among fruits.

That fish may be sealed much easier by first dipping them into boiling water for a minute.

Rancidity in lard can be prevented by keeping it away from air, light and warmth. Store in tin or crockery containers in a cool place.

Salt fish are quickest and best freshened by soaking in sour milk.

Food bought in season will help to keep that part of the budget within reason.

Onion juice should be added after a mixture is cooked rather than cooked with the mixture if the best flavor is desired.

Each time bed sheets are changed the mattress should be turned end-for-end or upside down.

Work and Education
It is not necessarily the mark of a superior intelligence to disdain an inferior job, and advanced education does not and never has guaranteed an advanced position in life.

One may be fitted for an important post, but that does not mean that one is unfitted for an unimportant post. Humble and monotonous occupations can provide scope for great qualities, they can be performed well or ill and the better educated the man the better is he likely to perform them.

HE'S A "SELF-STARTER"

JOHNNY STEGER, famous sports photographer, leads a hectic life chasing action shots all over the country. He says, "Night and day I'm on the go. And I've found that one way to help stay on my toes from early morning to noon is to eat a good breakfast. I like a big bowl of Kellogg's Corn Flakes with fruit and milk. Tastes swell and what a Self-Starters!"
