A GREAT DANGER: The New York World is quite correct in saying that the political situation has altered since President Cleveland sent his Tariff Reform Message to Congress.

Why it is that churches are the first and often the only buildings to be destroyed by a cyclone, has been somewhat of a mystery, and a subject of comment.

THE MYSTERY OF PROVIDENCE: Why it is that churches are the first and often the only buildings to be destroyed by a cyclone, has been somewhat of a mystery, and a subject of comment.

ABOUT OVER: As the campaign approaches a conclusion, the East Oregonian is glad to remember that it has thrown no "mud."

THE IRISH STORY AGAIN: The Pendleton Tribune vouches for the truth of the assertion published a few days ago that Col. Irish debated the tariff plank in the Democratic State platform.

AN UNFAIR INSINUATION.

Brother Eddy, of the Tribune, is a man whom we respect, because he deserves it, and we do not propose to slander him because he happens to differ from us in politics.

We think Mr. Eddy knows that no charge could be more unfounded and false. Mr. Ramsey never had a case for a railroad in his life, while he has tried cases repeatedly on the other side.

A fact will go farther than a thousand insinuations. On the other hand we have Fee, against whom we have nothing to say, except this: He is young, inexperienced, and not noted for special ability for the position.

But leaving Mr. Fee out of the calculation personally, it is well known and understood here that his chief advocate and sponsor is J. C. Leasure, and Leasure is the vice-president and paid attorney of a railroad corporation.

If Ramsey is elected, Ramsey will be the Judge. If Fee is elected who will be the Judge?

Why it is that churches are the first and often the only buildings to be destroyed by a cyclone, has been somewhat of a mystery, and a subject of comment.

One of the latest and most remarkable illustrations of the curious operations of Nature and "Providence," above alluded to, is in the destruction of the town of Argonia, Kansas, which has been almost wiped out by a cyclone.

As the campaign approaches a conclusion, the East Oregonian is glad to remember that it has thrown no "mud."

One of the candidates in the Republican legislative ticket we have criticized harshly, but as we believe not without sufficient cause.

The battle is practically over; men have generally made up their minds; and with the verdict of the people providing it is one that is fair and unobscured with the puff of corporations—as seems possible—we shall be content.

The Pendleton Tribune vouches for the truth of the assertion published a few days ago that Col. Irish debated the tariff plank in the Democratic State platform.

We again assert and are prepared to prove by every member of the committee, that there is not the slightest foundation for the assertion, and that it is absolutely and utterly untrue.

Does the Tribune mean to assert that Mr. Bradshaw, Mr. Eskridge, Mr. Smith, Mr. Vaughn, Mr. Weathers, Mr. Traxell, and Mr. Walter, members of the committee on platform, are all liars, merely because they are Democrats?

We know that every one of these men if appealed to will say just what we have said about this matter.

Again we say that "citizen" either does not know, or else he publishes what he knows to be untrue.

"ALL HONORABLE MEN."

The Portland News (Republican) commenting on the action of Bellinger, Dolph, Simon and Malloy in their efforts to elect Dolph says this of the Republican party of Multnomah county:

"It was done in the interest of Joseph Simon and his friends, who are prepared to sacrifice everything to carry the legislative ticket."

The answer is, first: "To carry out a contract which they have with the O. R. & N. Co. to look out for matters political, for which the firm receives \$18,000 and sometimes more, annually.

Another part of the bargain with the railroad company requires the firm to see to it that J. N. Dolph is elected to succeed himself as United States Senator from Oregon.

We have no especial complaint to make of Mr. Hermann; for a man of very ordinary calibre he has done pretty well; but the House is Democratic.

The editors of the Walla Walla Union and Statesman are at war. The only weapons used are abusive words. The gentlemen strike one another over the head with these as if they were brave, good men.

We have information that the Campaign Slanderers have a plan on foot to spring a whole batch of the worst and dirtiest sort of campaign lies that can be invented.

Today's Pendleton Tribune says Henry Bean is a young man of "some ability." This needs no comment.
