WHICH SHALL IT BE? The Daily East Oregonian has been published since March 1st, 1898. We have tried to make it a newsy paper, well worth its subscription price.

We need more subscribers, and we either must have them or cease the daily publication altogether. At present we have 175 bona fide subscribers to the Daily.

This step is absolutely necessary. If the people of Pendleton think they need a daily paper, here is a chance for them to have one.

At Chicago there will be a free fight for the nomination of a Presidential candidate on the Republican ticket.

The Republican platform, under that of the Democrats, will make a bid for the most ignorant voters by repeating the delusion: "We guarantee protection to American industry and American labor."

The Republican papers would have us believe that Cleveland is nothing but a "cheap, ordinary, heavy, fat-witted, common-place man."

Democratic trustees were elected last Monday in Umatilla, Union and Baker counties. This is quite a coincidence when it is taken into consideration that the Republicans got away with almost all of the important offices in these three counties.

The Oregonian has a fine trade editor who writes protectionist articles. Or in other words a man who lays aside his opinions and principles for dollars and cents.

L. B. RISEBARR's defeat for Joint Senator of Union and Wallawa counties was to be expected, and probably his weakness destroyed the chances of the rest of the ticket in that county.

As Oregon went, so will the whole country go in November, say happy, Julian Republicans. They fail to observe that Oregon is a very small portion of the "whole country."

There was a contest of the Tugue in North Portland pined over Bushler by a majority of only four votes. The total number of votes polled in the precinct was 2,798.

"All unnecessary taxation is unjust taxation," says the Democratic National platform, and is not this truth plainly put?

The news of Oregon going Republican by a large majority was received without surprise in Washington.

FOR FUTURE GUIDANCE.

The Court to Give the Election Cases Close Attention to Establish the Standing of Deputy U. S. Marsh is on Election Day.

The persons arrested on election day are nearly all out on bail. Some three or four are still in jail, and will be examined by the U. S. commissioner at the rate of one per day.

ITEMS FROM THE HOME PRESS.

The Live Paper of Centerville Furnishes Several Items.

The Pendleton Boy Band has been engaged by Walla Walla for the Fourth.

A knowing one says that every newspaper in the county will be up before the 2nd and 3rd of July.

The Daily East Oregonian says it must have more support in the way of subscription which is only 15 cents per week, or it will discontinue by the 1st of July.

Several of our present idle men and boys have been engaged by the O. & W. T. R. to surface that road from here to Walla Walla.

G. W. Hunt, president, W. T. Chaffin, chief engineer, and several officers of the O. & W. T. R. were in the city Sunday.

Morrow's Court Happenings.

Last Friday afternoon, when five or six on Hill street was thrown from a horse, some severe injuries were received.

A few shrimps during the past week are helping out vegetable and other articles costing and receiving the same price in 1898.

A young son of Mr. Cook, of Fifth St., was killed by a horse a week ago last Wednesday, breaking his jaw.

As Deane was engaged by a horse last Tuesday week, from which he received some severe injuries to his left arm and shoulder, which will lay him up for some time.

Changed to Name.

For many years the Missouri Republican of St. Louis has been suffering from an editorially unscrupulous and unscrupulous fact that its name and subscription to the Republican party, whereas it has always been one of the most ardent champions of Democratic principles in the country.

Can be had at the EAST OREGONIAN office at prices that will prove they are cheaper than those of any other printing house in Eastern Oregon.
