PORTLAND POINTS.

Collision on the River—War of Races in Astoria.

PORTLAND, Dec. 14.—Last night the steamer Oswego, with Captain G. W. Taylor in charge, was passing up the river on the way to the foot of Morrison street, having in charge a large barge loaded with wood, and on rounding Ash street reversed her engines in order to let the ferry pass. Just at that juncture the little steamer Cyclone was seen passing just in the path of the Oswego. It seems that the tiller ropes of the Cyclone became foul and being a very fast runner it was impossible to check her, and she struck the Oswego with a terrible force, driving her back against the dock a considerable distance. The Oswego was not injured, but the Cyclone was damaged to a slight extent. A Chinaman on board of the Cyclone was struck and his body cut nearly in two. The other passengers escaped without injury.
Judge Tanner rendered his decision in the Chinese shooting affray, holding only two of the defendants and discharging the others. Their bonds were placed at \$300 and \$500.

A gentleman from Astoria says that a Chinese cook and a colored man got into a row, and the negro split the cook's head open and fled. The Chinaman followed and succeeded in giving the waiter a gash in the neck with a knife. Full particulars are not learned.

EXCITEMENT IN THE HOUSE.

A New York Paper Makes Sensational Charges Against Certain Members.

WASHINGTON, Dec. 14.—A lively discussion arose in the house this afternoon, based on an article in a New York paper, declaring that there were two elements united against the Nicaragua canal bill, the agents of the Pacific railroad and the attorneys of the Panama canal, and containing an interview with Judge Daly on the subject, intimating that the gentlemen (naming them) who offered amendments to the bill did so for the purpose of defeating the measure. Messrs Wilson and Bland of Missouri, Cobb of Alabama and Spaulding of New York indignantly denied being influenced in their actions in offering amendments by any purpose except a desire to perfect the measure. The latter referred to Judge Daly as a man who since his retirement from the bench, has been connected with breezy enterprises. Cox of New York paid a warm eulogy to Judge Daly's integrity, and in an emphatic manner denied the charge that he was a lobbyist.

THE WHITE TRAVELER.

A Letter from Osman Digma Says That Emin Pasha and Stanley Are in the Hands of the Mahdi.

CAIRO, Dec. 14.—A letter received at Suakim from Osman Digma is supposed to have contained the announcement that Emin Pasha and the white traveler, presumably Stanley, had fallen into the hands of Mahdi. THE ANNEXATION RESOLUTION.

Erastus Wiman Says It Was a Political Move in Behalf of Republicans.

NEW YORK, Dec. 14.—Erastus Wiman, in commenting on the Butterworth annexation scheme, said: "I never saw such a fatal mistake. I can't conceive how Butterworth came to do it. The idea I have is there never was so contented a people as Canadians." Wiman added: "Its immediate effect would be to render commercial union more difficult. It was a political move in behalf of the Republicans, hurried in to get ahead of the Democrats, who were contemplating the same thing."

TORONTO, Dec. 15.—Commenting on the Butterworth resolution, the Empire, the leading government organ, calls it an insulting overture. The Globe opposition, says: "We have no doubt that the judgment of Canadians in the matter would be such as to cure our neighbors of the delusion that has long kept them from trying to make the best possible of a political separation of the two countries."

NEW YORK, Dec. 15.—The Telegram publishes an interview with Ex-Senator Platt, with regard to the report that Mr. J. G. Blaine had accepted the portfolio of Secretary of the State, in which that gentleman characterized the report as "bosh." Platt further states, according to the Telegram, that he did not believe Blaine had accepted the portfolio or that Harrison had tendered it to him. That story had been started by the correspondent to the Cincinnati paper, and that was sent to every Journal in New York, but only published by a few.

WASHINGTON, Dec. 15.—A stir has been created in the diplomatic circles by a London dispatch which states that Lord Salisbury has informed Minister Phelps that he will not send a minister to this country, and desires to have no further relations with the present administration on account of the Sackville incident. Assistant Secretary of State Rives, when seen regarding the matter, said he knew nothing about what Lord Salisbury had done. Mr. Phelps, he said, had received no instructions to ask that a minister be sent to this country, and he did not think the administration cared whether one was sent or not.

And the French Ministry May Resign in Consequence.

PARIS, Dec. 15.—The chamber of deputies, by a majority of eleven, last night rejected the government bill providing for a commercial treaty between France and Greece. M.
