CONGRESS.
The Proceedings of Both Houses—The Dentists Want Protection Too.
WASHINGTON, Jan. 22.—Senator Vest presented a ludicrous alleged memorial from dentists, asking a bounty of \$1 each for teeth extracted. "In order to encourage honest industry, a lower cost to patients, and to encourage the immigration of dentists from other parts of the world, thereby making a better market for agricultural and other products in this country."
The Senate then resumed the consideration of the tariff bill, the pending question being on the amendment offered by Reagan to the wool section.

Morrill read some remarks to the general effect that the Republican party was always ready to reduce the tariff where it could safely be done.
Morrill continued, saying that England by free trade sacrificed her landed estates to the trade supremacy abroad. The Mills bill was a distinct abandonment of protection, particularly as regards agriculture. The tariff reduction on sugar would reduce the cost to the consumer not less than a cent a pound, and the proposed bounty on sugar would multiply the crops of the farmer by the introduction of permanent, profitable crops.

Reagan made an argument in favor of his amendment changing the duty on all kinds of wool to 25 per cent. ad valorem. Coke expressed his readiness to vote to put wool on the free list whenever all basis of manufacturers were put on the free list.
Reagan's amendment was rejected; yeas 22, nays 31. Brown and Payne voted no.
Vance moved a proviso that no article in the wool and woolen schedule should pay a duty exceeding 75 per cent. ad valorem; rejected; yeas 27, nays 33. Brown voted aye, Payne no.
The amendment to make lumber of all kinds free was rejected; 28 to 19.
Call and Brown voted with the Republicans.

HOUSE.
WASHINGTON, Jan. 22.—Some time was consumed in an endeavor by Crisp, of Georgia, to secure action on the contested election case of Small vs. Elliott.
The House refused to consider it after a delay of half an hour, caused by the filibustering of Chandler, of Louisiana.
The House then went into a committee of the whole on the river and harbor bill.

AN UNPARDONABLE BLUNDER.
Texas Presidential Electors Fail to Comply with the Law in Voting for President.
ST. LOUIS, Jan. 22.—A dispatch from Austin, Texas, referring to the blunder committed by the Presidential electors in that State by not signing their names on the envelope containing the vote of Texas and the consequent non-acceptance of it yesterday by acting Vice-President Ingalls, says that Governor Ross immediately telegraphed to all the electors to meet in Austin at once and prepare another return. There is some chance of their not being able to meet in time, as some of the electors live in remote parts of the State. If there is a delay on their part, or a loss of even two hours time on the part of the messenger, the count will have to be made without Texas.

BALTIMORE, Jan. 22.—Hon. James G. Blaine resigned from the directory. Blaine told an Associated Press representative, when asked if he would be our next Secretary of State, "That question could be better answered at Indianapolis."

STATE AND COAST NEWS.
MURDER WILL OUT.
A Man Who Poisoned His Wife and Skipped Out With a Pretty Servant Girl, Arrested at Port Townsend.
PORT TOWNSEND, Jan. 22.—A Scandinavian, named Charles Lumsdaler, was arrested here to-day, charged with the murder of his wife, near Fergus Falls, Minn., a year ago. He was a farmer in comfortable circumstances, and had borrowed considerable money from the local banks and induced his countrymen to go his security. It was noticeable by neighbors that Lumsdaler was intimate with his pretty servant girl, who had just arrived from Europe. In March Mrs. Lumsdaler mysteriously died, which occasioned much gossip when it was known that the servant girl had assumed the dead wife's relationship with Lumsdaler. During last summer the girl gave birth to a child, and in October the couple left the farm for Fergus Falls, where they were married and started West, accompanied by six children by the former wife. The notes became due and the neighbors were called upon to settle Lumsdaler's debts, when the subject of his former wife's death came up, and occasioned much surmising until the body was exhumed and examined, when it was found that she had been poisoned. An investigation soon disclosed the fact that Lumsdaler had purchased strychnine and had left for parts unknown after her death. About the same time O. L. Larson stole \$250 in checks and emigrated West, where he was followed and arrested in Kittitas county last week by the sheriff of Fergus Falls. He reported finding Lumsdaler here, which led to his arrest, as stated. The prisoner's only answer when questioned about the matter, was "they can't convict."

BURNED TO DEATH.
A Mother Locks Her Two Children up in a House, and They See the House on Fire and Are Burned to Death.
ELLENBURG, Oregon 22.—This morning a terrible accident occurred at Teanaweb mill, twenty miles north of Ellenburg, resulting in the destruction of the residence of Mr. Kenyon and the burning to death of his two children. Mr. Kenyon, at the time of the accident, was in the woods cutting timber, and his wife had left the house for a few minutes to visit their neighbors, locking the children up. The fire was discovered by Fred Seaton, who broke in the front door and endeavored to rescue the children, but was prevented from doing so by the flames. After the building had burned down, the charred remains of the children were found in the ashes. All that remained of the elder child was the headless trunk, while the younger one was burned beyond recognition.

SUICIDE HIS MISTRESS.
Jules De Russey Gets Desperate in Portland and Shoots a Two People and Himself.
PORTLAND, Jan. 22.—While in a drunken passion last night in Mrs. Hotchkiss' lodging house, Jules De Russey shot his mistress, Bertie Robinson, and a young man named Harvey Adams in the leg and then made a feeble attempt to take his life. It seems that Bertie Robinson's trunk had been broken into and Russey acknowledged he did it and took her money. The woman sent for a police officer, but Russey shot her before she got out of the room. Adams stepped into the room just in time to get a shot in the leg. It is thought that neither of the wounds is necessarily fatal.

THE LEGISLATURE.
Dolph Elected on First Ballot as Expected; Penoyer Receives the Democratic Vote.
SALEM, January 22.—The two houses met in joint session and elected Dolph U. S. Senator. In the Senate the vote stood, Dolph, 21; Penoyer, 9. In the House, Dolph, 46; Penoyer, 9; scattering 4. In presenting Gov. Penoyer as a candidate Senator Wager made a brilliant little speech. In the course of his remarks he said: "Though marching far down in the valley of defeat, the Democratic banner is still ununsundered. Forty-five new bills were introduced and read the first time in the House. Most of the time of the Senate was taken up in the second reading of bills."

ACCIDENTALLY KILLED.
Young Huddelstone of Lion County Loses His Life While Shooting Deer.
ALBANY, Or., Jan. 22.—News from Lebanon states that yesterday John Huddelstone and Jos. Klum, while out deer hunting, met with a fatal shooting accident. Klum raised his gun to fire at a deer when he slipped and fell, the end of his backshot striking Huddelstone, who was standing near to the head killing him almost instantly. The deceased was about twenty years old and his parents are well known citizens of Lion county.
