Scarcely a doubt remains that the man whose cries for help were heard coming from the Niagara river was Ashton Smith, 27 years old, son of Rev. Henry Ashton Smith, rector of St. Paul's Episcopal church at Fort Erie, Ont. It is known that he attempted to cross the river that night in a row boat.

In a speech at the 122d anniversary of the birth of Robert Emmet, which event was celebrated in New York Sunday night by the combined Clan-na-Gael organizations, W. Bourke Cockran bitterly denounced the attitude of the administration at Washington towards England in her affairs in South Africa, and almost advocated retaliation on the part of the United States.

The American-German League of Pennsylvania, representing an aggregate of 20,000 members, at Pittsburgh, Pa., adopted a petition urging the government to use its friendly offices to bring about a cessation of hostilities between Great Britain and the South African republics, and it was resolved that all Boer sympathizers throughout the land be invited to co-operate in sending a general appeal to Washington.

### "Misfortunes Never Come Singly."

It is said that ninety-five out of every hundred business men meet misfortune at some stage in their lives; some recover and some do not. If the remedy in business life were as easily found as in the ills that beset humanity, there would not be as much misfortune.

In the latter case, multitudes when attacked by rheumatism, scrofula and other diseases, flee for protection to Hood's Sarsaparilla, and they find there a sovereign and specific remedy for troubles of the kidneys, liver and bowels. It never disappoints.

**Liver and Kidneys.**—"My mother was very sick with congestion of the liver and kidney trouble. Nothing helped her until we got Hood's Sarsaparilla, which showed its effects with first dose. She is well and can do all the work she wishes to."

**Run Down.**—"I was weak, had no appetite, nervous and completely run down. Tried many remedies but nothing helped me until I used Hood's Sarsaparilla which cured me."

**Castroville.**—"Nervousness caused by a fright made my wife suffer intensely from gastritis. Morphine was necessary to relieve the suffering. Hood's Sarsaparilla and Hood's Pills were tried after all else failed and in four days she improved and in 14 days she was cured."

**Dyspepsia.**—"I suffered for 20 years with dyspepsia. Dared not eat meat, new bread or vegetables. Went hungry for fear of distress. Feet dependent and distressed. Took Hood's Sarsaparilla and got relief immediately. Can eat most anything without discomfort."

**Dizzy Spells.**—"After the measles my daughter had dizzy spells, which we thought would pass off but they did not until we gave her Hood's Sarsaparilla. In five days they disappeared and in one month she regained her usual health."

**Hood's Sarsaparilla Never Disappoints.**

Hood's Pills cure liver ills, the constipating and only cathartic in use with Hood's Sarsaparilla.

### SOUTH AFRICAN SITUATION

**Boers in Northern Cape Colony in Full Retreat.**

**STORMBERG OCCUPIED BY GATACRE**

**White's Emancipated Troops Are Recruiting at Mool River—Free Staters Trekking Toward the Transvaal.**

London, March 6.—The Boers in Northern Cape Colony are in full retreat to the Orange Free State. The possession of Stormberg puts Gatacre in railroad communication with Clements at Colesberg, for the railroad can be quickly repaired, and thus the entrance of additional British troops into the Free State will be facilitated. From Osofontein, where Roberts is opposed by a well-sized body of Boers, there is no news except reports of minor skirmishes. The position gained by Irabrant at Dorbrecht is reported exceedingly strong. White's garrison has begun to leave Ladysmith and is arriving at the Mool River camp where the troops will remain several days. They are emancipated and exhausted and say the road to Colesberg presents scenes that exceed in horror those depicted in Dante's Inferno. Dead men and animals are lying mutilated and putrifying in trenches formerly occupied by Boers. A dispatch from Osofontein says that according to a Boer prisoner, an important British success will cause President Steyn to flee to Pretoria, leaving a provisional government at Bloemfontein which is likely to make peace overtures. Free Staters not wishing for peace are trekking towards the Transvaal and helping to make a stand which most military critics point out will constitute the most difficult and deciding feature of the war.

**Rhodes Preparing for Defense.**

London, March 6.—The morning Leader says Cecil Rhodes has made up his mind that the annexation of the republics will not bring lasting peace. Rhodes is so sure of this that he is preparing to get to work at once on fortifications of Kimberley.

**TERRIBLE MINE DISASTER.**

**Forty Lives Lost Underground by an Explosion of Gas.**

Montgomery, W. Va., March 6.—By an explosion of gas in the Red Ash mines 79 men were imprisoned. Forty dead have already been taken out. News of the disaster swept through the town like an electric shock and within a few minutes hundreds of men, women and children crowded upon the scene of the disaster. As the conviction that the rescue of the entombed men alive was hopeless, they became frantic in their endeavors to reach the dead and dying in the wrecked shaft, and the work of attempted rescue was hampered with extreme difficulty. As the dead bodies were being brought up the scenes became distressing in the extreme. Shrieking, frantic women and children impeded the rescuers and added to the horror of the work.

Charleston, W. Va., March 6.—The Red Ash mine is not in the Montgomery district but in the Thurmond district. The district is a wild one about 65 miles from this city.

**A RAILROAD ACCIDENT.**

**THE PHILIPPINE PROBLEM.**

**It Still Engages the Forces Under General Otis.**

Washington, March 6.—General Otis cables the following account of the recent military operations in Luzon:

"Manila, March 5.—Batac, with two battalions, the Fortieth and Forty-fifth regiments, and detachments of artillery, engineers, signal corps, a total of 2900 men, landed troops on the northeast, northwest and southern coasts of San Miguel bay in Camarines province to move on Nueva Cavara in three columns.

"The only strong opposition was encountered by Gowdin and a battalion

of his regiment at Libmanan, northwest of Nueva Cavara. Gowdin's loss was Adjutant Callahan, who died of wounds, and three enlisted men severely wounded, and five slightly wounded. The enemy left 64 dead on the field and many wounded who were cared for by our medical officers.

"Gowdin captured a number of armed insurgents, 18 Spanish prisoners, 30 rifles and considerable ammunition and property.

"Particulars of minor engagements of the other columns are not reported.

"Nueva Cavara was found practically deserted, the inhabitants having taken refuge in the mountains.

"The troops are covering important points in the provinces of Camarines, Albay and Arosogon.

"The navy rendered most valuable aid in landing troops and supplies."

**A Transport Arrives.**

On board the Warren are General Wheeler and his daughter, Lieutenant Commander Briggs, U. S. N., Captain Johnson, U. S. V., and several passengers, including William Bengough, the artist for Harper's Weekly.

The Warren made a stop of 10 days at Guam to permit General Wheeler making an investigation of the government established there by Captain Leary. The Warren brings news from Honolulu that of the three suspected cases of plague reported on February 20, but one proved to be genuine plague and when the Warren left Honolulu, the authorities were of the opinion that the plague had about died out.

**IN KENTUCKY.**

**Trouble in Sight Over Shipment of Guns to London.**

Frankfort, Ky., March 6.—The shipment of guns and ammunition to London continues. Senator Tripplett offered a resolution to investigate published reports concerning shipments of state arms to London by Governor Taylor and demand the return of the same to the state arsenal. If the return is refused the committee shall bring in a bill making an appropriation of \$250,000 to buy new guns, also authorizing General Castellman to issue a call for a sufficient number of volunteers to take the guns from those now in possession of them and return them to the arsenal.

**STORMS IN THE EAST.**

**Lake Regions and Ohio Valley Felled by the Elements.**

Chicago, March 6.—For the past 36 hours, Illinois, Minnesota, Iowa, Nebraska, Missouri, Michigan and Wisconsin have experienced a series of storms remarkable for severity.

**Congressman Hitt Renominated.**

Freeport, Ill., March 6.—Robert Hitt was renominated by acclamation for congress at the republican congressional convention today.

**Political Note and Comment.**

The national democratic committee of Indiana confidently predicts the president will carry that state in the presidential election. This fall by 20,000 majority. The democrats will be even satisfied with less.

The Portland Telegram says Bryan is having a streak of real luck, and that if the republicans, and especially the president, keep on as they have been going in several instances, the spoiling candidate may actually have a bare chance of election by next November. Even some of the good things done by the republicans—the passage of the currency bill and the negotiation of the canal treaty—will apparently make votes for Bryan.

**What to Do Until the Doctor Arrives.**

It is very hard to stand idly by and see our dearest ones suffer while awaiting the arrival of the doctor. An Albany (N. Y.) dairyman called at a drug store there for a doctor to come and see his child, then very sick with croup. Not finding the doctor in, he left word for him to come at once on his return. He also bought a bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come, as the child was much better. The druggist, Mr. Otto Scholz, says the family has since recommended Chamberlain's Cough Remedy to their neighbors and friends until he has a constant demand for it from that part of the country. For sale by Tallman & Co., Druggists.

### NEW SENATOR SWORN IN

**Bard of California Now a Member of the Upper House.**

**PENSION APPROPRIATION BILL PASSED**

**Simon Defends the Oregon Legislature in a Speech in Opposition to the Sealing of Quay.**

Washington, March 6.—Hon. Thomas R. Bard, the recently elected senator from California, was presented to the senate by his colleague, Mr. Perkins. He was conducted to the desk by Mr. Perkins where the oath was administered by President Pro Tempore Frye. When the routine business had been concluded, Mr. Aldrich called up the financial bill conference report and Mr. Teller resumed his speech. It was his opinion that the proposed legislation would be disastrous to the country.

At the conclusion of his argument Mr. Callinger called up the pension appropriation bill. The measure appropriated \$145,245,230. The bill was passed after a number of technical amendments were made. Carter of Montana addressed the senate on the Quay resolution. He announced his intention of voting to seat Quay. Simon of Oregon addressed the senate in answer to the speech by Carter, in the course of which the Montana senator adverted to the reasons which induced him to vote against Carter, the appointee of the governor of Oregon. He said Carter made a charge that Corbett corrupted the legislature and defeated the desire of the people of Oregon. He could not permit those "unjust and untrue" charges to go unchallenged.

**The Senate Agrees.**  
Washington, March 6.—The senate has agreed to the conference report on the financial bill.

**Too Cour-d'Alene Investigation.**
