THE CASUALTIES AT RODDERSBURG
Roberts Has Lost Nearly a Thousand Men this Week, But is Receiving Large Reinforcements.
London, April 7.—The Boers are in force at Wepener, Free State, and are threatening Brabant's division. The Boers are endeavoring to turn the British position by crossing the Basuto frontier. The army and people at Bloemfontein are depending on water drawn from wells, the Boers being in possession of the waterworks, and having cut off the supply. London afternoon papers are unsparing in criticisms of the military disposition in permitting 500 men to be isolated and captured. A small contingent of gunners from the battleship Monarch left Cape Town for Bloemfontein Friday. Though Roberts lost nearly a thousand men this week, he is stronger relatively, as four times as many men have been landed at the Cape.

PRESIDENTIAL BEES.
Not Only is One Buzzing in Dewey's Bonnet, but There is One in Miles' Too.
Washington, April 7.—Admiral and Mrs. Dewey have returned to Washington from their brief visit to Philadelphia. A number of reporters were at home awaiting them. In response to questions the admiral said that he expected in a few days to have ready for the press a statement as to his plans for the future.
"Can you confirm the statement you are credited with making, that you are a democrat?" persisted one of the reporters.
"Certainly, I am a democrat," he replied. "I always have been a democrat," he added smilingly.
"Have you ever voted the democratic ticket?"
"No, I never voted in my life. The only man I ever wanted to vote for was Mr. Cleveland."
"It is said that Cleveland wants you to run on the straight gold democratic platform?"
"Good night," answered the admiral without answering the question, and retiring.
Monday next Admiral and Mrs. Dewey will move into their country house at Beaver.
General Miles Afflicted Too.
New York, April 7.—The World of this morning says:
General Nelson A. Miles is willing to be democratic nominee for president. He has so stated to his friends and 10 days ago he visited William C. Whitney to talk with him about the possibility of his being nominated. Whitney told the general that all the leading gold democrats were as much opposed to the nomination of Bryan now as they were when he was nominated four years ago, but he did not commit himself to the support of the general. He merely took the matter under advisement and said he would consult with his friends.
WHITNEY DENIES IT.
He Has Nothing to Do With the Dewey Boom.
New York, April 7.—William C. Whitney said today that all statements suggesting that he has had to do with the candidacy of Admiral Dewey for the presidency are without foundation. Mr. Whitney stated to a press representative: "I do not consider myself so related to politics at present as to be entitled to assist in making candidates. I have the profoundest admiration for Dewey. I believe it to be an act of the admiral himself. His nature is simple and straightforward and he has doubtless been solicited to become a candidate by thousands of people who would like to see him president."

Referendum Vote.
Minneapolis, April 7.—The committee appointed by the populist state convention concluded a canvass of the referendum vote for candidates for president and vice-president last night. The results were as follows:

For vice-president—Ignatius Donnelly, 1954; Wharton Barker, 306; A. W. Howard, 272; Job Harriman, 113; scattering, 110; total, 3775.
For Embezzlement.
Spokane, April 7.—L. P. Humer, wanted in Buffalo county, Wis., for embezzling \$150,000, was arrested Thursday in Republic by a deputy sheriff from Wisconsin. Sheriff Cole, this county, received word today that the officer would bring his prisoner down on the Spokane & Northern this afternoon, leaving the train at Deer Park and driving across country to catch the east bound Great Northern train. Little can be learned here as to Humer's alleged crime. It is said he was president of a bank.
Dewey's Candidacy.
Chicago, April 7.—One man was killed and another badly injured in a fight here growing out of an argument over Admiral Dewey's candidacy for president. Eugene Tucker, a colored man, was shot and instantly killed by George Miller, a barber. The latter was badly cut about the throat with a razor, and may die. They were drinking in a saloon when the argument arose.

GOVERNOR TAYLOR SPEAKS.
He Gives Out a Statement Regarding Newspapers.
Cincinnati, April 7.—Governor Taylor gave out the following statement at Frankfurt last night:
"I have been made a target of vilification by certain unprincipled newspapers in Kentucky. The vilest insinuations have been made and the most outrageous falsehoods have been told. I desire to say that neither directly nor indirectly had I any connection with the assassination of Senator Goebel. I am not a criminal, neither will I ever be a fugitive from justice. Whenever indicted, if such an outrage should be committed, I shall appear for trial, conscious of my innocence and of the ultimate triumph of right and justice. The whole purpose of this persecution has been and is to drive me from my post of duty and to punish me for holding office to which I have fairly been elected."
Kentucky Governorship Case.
Frankfort, April 7.—Ex-Governor Bradley and other attorneys for Governor Taylor will go before Chief Justice Hazlett this afternoon with a motion for a writ of error to the supreme court at Washington in the contests over the office of governor and lieutenant governor.

WHOLE COUNTRY BELOW INUNDED
Damage Will Reach Hundreds of Thousands of Dollars—Telegraph Lines Down.
Loss of Life Reported.
St. Louis, April 7.—A Post Dispatch special from Dallas, Texas, says: All wires between Dallas and Austin are gone. A bulletin from La Grande, 75 miles below Austin, says: It was reported at noon that a dam in the Colorado river at Austin broke at 11:20 a. m. and the flood of water washed away the power house. No loss of life is reported. The damage will reach hundreds of thousands of dollars, as the Austin dam was one of the largest and costliest of the kind in the country. The property loss in the valley below will be very heavy.
The following was received from La Grande at 1:20 p. m.: "The breaking of the dam at Austin was something terrible. People along the river are fleeing for high ground."
Loss of Life Reported.
All sections tributary to the Colorado river report great damage to property. Unconfirmed rumors say a family of six negroes living west of here were drowned. People living in the bottoms had to leave their homes. Reports from Concho river are that the worst storm ever known in that section is raging, attended by loss of life and property.
Caused by a Cloud Burst.
Austin, Texas, April 7.—A cloud burst occurred today and the entire country was inundated. The Colorado river rose eleven feet in three hours and is still rising at the rate of three feet an hour. The storm is the most terrific on record. A bridge on the International and Great Northern railroad, 17 miles north, washed out, wrecking the southbound train. The engine, mail car, passenger coach and sleeper were drenched. A number of people are reported killed. The damage from the storm in this section will amount to a hundred thousand dollars.
Loss Half a Million Dollars.
Austin, Tex., April 7.—An slice of the immense granite dam, 25 feet deep and 500 feet long, was washed out, injuring the power house. The torrent of water swept hundreds of homes away. The occupants barely escaped with their lives. The loss is half a million dollars. Runners were dispatched down the river on horses to notify the people, but the water boat them and eight or ten people are known to have been drowned. Over a hundred houses have been counted passing here since 10 o'clock.

Washington Notes.
Washington, April 7.—Republican members of the house have decided not to allow protracted discussion on the motion to concur in the amendments to the Puerto Rican bill Wednesday. A special rule will be framed which will bring the motion to a vote after several hours debate.
Washington, April 7.—The time in the house today after 1 o'clock was devoted to paying tribute to the memory of Richard P. Bland.
Washington, April 7.—No senator was prepared to proceed with the discussion of the Quay case today, and it went over until Monday. Consideration of the Indian appropriation bill was then resumed.
Chicago Street Railway Striked.
Chicago, April 7.—The South Side surface lines, which are tied up by a strike of power house employes, furnished very uncertain transportation facilities today. The cable lines are running but the electric lines on some streets are not running at all.
