The principles advocated in the platform are sound, and most appeal to those voters who do not wish to see this country controlled by the trusts and committed to monarchical imperialism. The candidates are clean and competent men. Under these circumstances, the few errors made by the convention might well be for-

Atnena Press: The democratic-populist scrap at Pendleton Saturday was warm while it lasted, but it is over and the ticket, which is in the main a strong one, will receive united support. The democratic this year has 'even break" with the republican ticket, in so far as the chances for success at the polls are concerned. Th ticket savors perhaps a little too much of unity to set well with our republiof unity to set well with our republi-can friends, hence the endeavor to make as much as possible out of the disgruntled position taken by several populists as the result of the union of the two forces. Accusations have fallen thick and fast and tales are be-ing told out of school. However, those of the populists who stood for party recognition and the continuance of party organization perhaps did so with purity of purpose and honest convic-tions, and because they did not win out in the councils of the convention is no reason why they should be set down as bolters of the ticket. Fact of the matter is these very men (with perhaps a few exceptions) in open con

Weston Leader: While the democratic ticket put in nomination at Pendleton Saturday cannot be described as entirely satisfactory, it should be remembered that no ticket ever did please everybody. When such a beautiful condition is reached we will have a political millenium, when strife is unknown, all citizens are good citizens and every politician an honest conditions.

The ticket is at least stronger, in nearly all respects, than that put in the field by the republicans. One particular element of strength lies in the fact that it was the result of no dictation on the part of a boss or set of bosses. Having awaited the action of the populist convention, the democrats made no nominations until Saturday evening, and what should and would be done was uncertain. In the rush that occurred after the convention had settled down to work it was natural that a few mistakes were made; but Left Under a Cloud.
