FOR JUSTICE OF THE PEACE.

PETER WEST

Hereby announces himself as a candidate for Justice of the Peace, Pendleton district, at the coming June election.

THE CITY OF LAWTON.

Another High Quartz Discovery Made on Lawton Mountain.

The town of Lawton, the coming city of the Granite section, is going ahead at a rapid pace, says the Baker City Democrat.

New structures are going up, and people are arriving there from every direction.

High quartz bearing free gold in paying quantities, was this week discovered by prospectors on Lawton Mountain just north of town.

It is understood the lode runs through land now being held under timber entry by parties other than the discoverers.

If this is true a contest for possession will probably take place between the timber man and miner.

The sale of Lawton business lots continues unabated and in order to get in on the ground floor one should not let any grass grow under one's feet.

There is no doubt regarding Lawton's future. The town will grow and prosper because it is in the richest quartz mining country on the face of the globe.

All these mines are tributary to Lawton and this city will be their natural supply point. A glance at any map of the district will demonstrate the fact clearly.

Worse Than War.

Hundreds are killed in war, but hundreds of thousands are killed by consumption.

There would be no deaths at all caused by this terrible disease, if people could be made to understand that Shiloh's cough and consumption cure is a sure remedy if taken in the early stages.
