J. E. MILLER IS DISBARRED.

Supreme Court Hands Down Opinion. Cannot Practice in Oregon.

The supreme court has disbarred J. E. Miller from the practice of law in the courts of Oregon. The proceedings came up in the circuit court of this county, the case being "State of Oregon ex rel. Ragdina Rivers, plaintiff, vs. J. E. Miller, defendant, disbarment proceedings from Umatilla county." The opinion of the court says:

"This is a proceeding for the disbarment of the defendant, who is a regularly licensed attorney of the court. The information charges him with a violation of his official oath, a willful disobedience of the order of the court and of willful deceit and misconduct in his profession. The charges consist (1) of unlawfully procuring the absence of the relator, an execution debtor, contrary to the order of the court requiring her to appear for examination at a time stated, with intent to cause a failure of justice; (2) of willfully and unlawfully obtaining from the said Rangdina Rivers the personal property described in the complaint, with intent to defraud her thereof and to wrongfully convert the same to his own use; and (3) of endeavoring to extort money from her, which she did not owe."

After reviewing all the evidence in the case, the court holds that the defendant was not guilty of defrauding Mrs. Rivers of her property nor of attempted extortion from her of money that was not his due. The court holds, however, that the first specification of the charges has been amply proved. In conclusion, the opinion says:

"In this connection, it may be remarked that the letters he wrote to her and to Mr. Hume indicate a very low estimate of the high duties which devolve upon an attorney, and of his just and honorable relations to his clients. There is here subject for reproof. But, for the offense of procuring the absence of Mrs. Rivers, in disobedience to the positive orders of the court requiring her further examination in the proceedings supplementary to execution, he will be disbarred from practicing in the courts of this state, and such will be the order of the court."

Mr. Miller left Pendleton several months ago, and is now in Texas.

SECOND TEAM PLAYS BALL.

Goes to Weston and Meets Defeat—Other Games Are Arranged.

Weston, 16; Pendleton, 12.

The Pendleton Clerks, known as the second nine, played a mixed team from Athena and Weston at the latter place Sunday, the score being as above stated. The Pendleton boys, accompanied by their rooters, left early in the morning, arriving at Weston about 9:30 and played in the afternoon at 2:30 o'clock.

It was an interesting and exciting game from start to finish, first one side having the lead and then the other. The Pendleton boys played hard, but were beaten squarely, although they might have done better if they had had a change of pitcher, as "Uncle Bob" Cronin had his hands full, pitching nine innings.

Pendleton's second team plays Weston at Weston, Sunday, May 23; Athena at Pendleton Sunday, May 13; and Weston football at Weston May 25.

Pendleton lined up as follows last Sunday:

Catcher, A. Anderson; pitcher, R. Cronin 1st base, R. Adams; 2d base, G. Wheeler, manager; 3d base, Hawks; short stop, I. Stephens, cap.; left field, M. Moorhouse; center field, J. Hill; right field, L. Drake.

Umpire, Kit D. Wilson.

Scorekeeper, Chas. Cameron, jr.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down she will be nervous and irritable. If she has constipation or kidney trouble her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys, and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50c at Tallman & Co.'s drug store.

THE TOWN OF LAWTON.

A New Strike on the Concord Claim. Building Boom Continues.

Lawton, Ore., May 1.—The prices of lots in Lawton are still low notwithstanding the fact that building is going on at a rapid pace.

There are nearly twice as many business houses in Lawton as there are in Granite, and yet the town is but two months old.

D. J. Adams and family, of Heppner, arrived in Lawton the latter part of last week. He is now busily engaged in preparing ground for a new two-story building on Spokane avenue on the lots recently purchased by him of the townsite company.

Mr. Thomas Ayers, the druggist, returned from Pendleton Monday last. Mr. Ayers has had quite a siege with the quinzy, but is now convalescent. He expects to open his new drug store this week.

Frank Roberts, the Heppner boy, who recently purchased property in Lawton, has completed his neat store building and opened up a first-class resort Wednesday, the 2d inst. It is safe to predict that Frank will do well in Lawton. (If he makes money.)

Frank Mefford has disposed of his property on Spokane avenue, having sold to C. D. Hurd. He will conduct a first-class saloon, however, in the Hurd building, as soon as completed.

C. D. Hurd, one of Lawton's progressive citizens, has built a neat store building on the Spokane avenue lot recently purchased from Frank Mefford.

E. P. Butler will, in a few days, open a first-class restaurant in the Hurd building on Spokane avenue.

Charlie Williamson, formerly of Long Creek, is conducting a first-class livery barn at the corner of Red Boy and Butter streets.

Rev. Geo. W. Kennedy has been indisposed for the past few days in consequence of an attack of la grippe.

Ira Padrick has opened a lodging house in the Padrick & Benson building on Spokane avenue.

Prof. Charles Robbins is busily engaged in fitting up the lower floor of the Padrick & Benson building for the use of his assay office. Prof. Robbins is well known in this country, having until recently been a teacher in the assaying department of the Spokane, Wash., business college. He will have one of the most complete outfits ever used in Eastern Oregon.

William Waugh has had a hard time with the grippe for the past two weeks, but is out again.

The handsome store building on Spokane avenue of Stewart & Davis, is nearing completion and when completed will be the finest in this section of the new country.

A new strike is reported on the Concord mine. The facts could not be obtained. That the strike is of enough importance to warrant saying that the Concord will soon outrival the famous Red Boy. The Concord is an adjoining claim to the Red Boy.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief; I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung troubles. Regular sizes 50c and $1. Trial bottle free at Tallman & Co.'s drug store. Every bottle guaranteed.

AFTERMATH OF THE HORSE PARADE.

Pendleton People Were Surprised and Visitors as Well.

The horse parade will be an annual affair in Pendleton. This is assured by the success of the first one held on Saturday. That one had not ended before horsemen began to talk of the parade to occur next year. It is evident the idea has taken and that all who can will contribute to the success of such events in the future.

Another year, more attention will be paid to draft animals, special efforts being made to get them in from all parts of the county.

The entries in addition to those printed on Saturday were:

Pair, bay mare, Oveta, 2:22½, bay gelding, and Saltese, 2:26, owned by Baddeley & Hartman.

Pair, Jenny Lind and Oceola Chief, by Cheatem, dam by Norfolk, owned by Harry Folsom.

Billy Wadsworth, bay gelding, by Dudley Howard, dam by Oceola, owner Casey.

Pair of draft mares, owned by Rose.

Maud, bay mare, by Elastic Boy, owned by Rose.

Sampson, Chestnut gelding, by Elastic Boy, owned by Rose.

Lady, and Babe, bay mares, owned by F. Smith.

Richard, sorrel gelding, by Elastic Boy, owned by Frank Light.

ELL—HEITKEMPER.

Wedding Early Sunday Morning at St. Mary's Church.

Early Sunday morning at St. Mary's Roman Catholic church, Mr. Joseph Ell and Miss Julia Heitkemper were married. Only a few friends were present. Mr. and Mrs. Ell departed on the 7:40 train, for a wedding tour of a week or two. They expected to go to Lewiston, to Spokane and may visit the Sound cities. Upon their return, they will go to housekeeping in Pendleton.

Mr. Ell is one of the solidest business men of this city. He is engaged in the harness and saddlery business, being an extensive manufacturer. Mr. Ell's business has been built up during many years of faithful attention on his part and by reason of the application of fine ability in the handling of trade.

Miss Heitkemper, whose home is in Portland, has resided for sometime in Pendleton, having been employed as stenographer in several law offices. She has won the high estimation of the people of Pendleton.

Mr. and Mrs. Ell were accompanied to the train by several friends. They will receive the best wishes from all their numerous friends.

THE WHEAT SITUATION.

Siberian Wheat is Inferior to the American Product—Old and New Crop.

Japanese papers publish interviews with W. M. Bunker, representative of the San Francisco chamber of commerce, in Japan. Mr. Bunker is of the opinion that there is no ground for fearing that Siberia will become a serious competitor of the United States in wheat raising. He says wheat grown in eastern Siberia is inferior to the American product. Another feature noted by Mr. Bunker while in Russia was the presence of quantities of American flour at every landing place along the Amur. Concerning lumber Mr. Bunker says that despite the abundance of forest from Vladivostock to the Ural the trees are small, the greater part of the lumber used coming from Puget Sound districts. Thus far the trans-Siberian railway has benefited commercial interests in the United States more than all Europe combined, with the exception of Russia.

Statisticians are now busy figuring upon the probabilities of moving the surplus stocks of wheat before the new crop comes on. On this point the Chicago Daily Trade Bulletin is of interest: "Estimating the wheat crop of the United States at 550,000,000 bushels, and allowing 138,000,000 bushels for supplies in all positions on July 1, 1899, the aggregate supplies for the twelve months would be 688,000,000 bushels. Allowing 324,000,000 bushels for domestic requirements, 65,000,000 bushels for seeding purposes, 138,000,000 for export to date, and 90,000,000 bushels for supplies in all positions July 1, 1900, makes an aggregate quantity accounted for of 617,000,000 bushels, and leaves for export during the remaining three months about 71,000,000 bushels. The exports from April 1, 1899, to July 1, 1899, were about 46,000,000 bushels. At the present rate of exports, however, the supplies on July 1, in all positions, will probably be about 120,000,000 bushels, or only 18,000,000 bushels less than estimated one year previous."

In the same connection it is well to remember that the falling off in American foreign shipments does not reflect an equally large decrease in European consumption. It is pointed out that for the 40 weeks closing September 7, the six leading export nations sent out 271,909,000 bushels, a decrease of only 12,974,000 bushels as compared with 1899, while America had shipped 152,014,000 bushels, as compared with 189,213,000 bushels, a decrease of 37,217,000 bushels from last season. Russia showed a decrease of 6,146,000 bushels; Danubian, 2,228,000 bushels; India, 5,844,000, while Argentina, the present weakening factor in the situation, has sent abroad 51,329,000 bushels, an increase of 36,552,000 bushels. Australian estimates for the coming crop are now being lowered quite materially, but with Argentina, an increase to pass the 3,000,000 bushel point in last week's shipments, shows an abundance of cheap wheat which our growers must still contend with.

Worse Than War.

Hundreds are killed in war, but hundreds of thousands are killed by consumption. There would be no deaths at all caused by this terrible disease, if people could be made to understand that Shiloh's cough and consumption cure is a sure remedy if taken in the early stages. 25 cts., 50 cts. and $1 a bottle. Druggists will refund the money if a cure is not effected. Tallman & Co., leading druggists.

IMPROVING THE STOCK.

Umatilla County Cattle Owners Buy Thoroughbred Bulls.

Joseph Sullivan, the ex-volunteer who went into the cattle business upon his return from Manila, is in town again from the range. His cattle is on upper McKay creek, and will go farther into the mountains later in the season.

"At the present rate of improvement, said Mr. Sullivan, "Umatilla county cattle will have been wonderfully improved in five years. Nearly all the stockmen are buying thoroughbred bulls, and the demand for bulls at the farms where thoroughbred stock is raised is so great that it is difficult to buy them now. Recently, some Umatilla county stockmen sent an order for some shorthorn bulls, and received a reply that they could furnish none. They had sold 200 thoroughbred bulls already this year, and on their books are yet orders for many more.

Acker's English remedy will stop a cough at any time, and will cure the worst cold in twelve hours, or money refunded. 25 cts. and 50 cts. For sale by Brock & McComas.

EXPERIMENTS WITH GRASSES.

Industrial Agent Judson Has Eight Stations in this Section.

R. C. Judson, industrial agent of the O. R. & N. Co., said this morning at the Hotel Pendleton that the experiments with grasses new to this region are being successfully prosecuted at eight stations—Blalocks, Stokes, Walla Walla, Foster, Echo, Barnhart, Telocaset and Haines. At some of them the grass is ready to be cut for seed, and at all the results of the experimentation are highly gratifying to Mr. Judson.

Mr. Judson is devoting much of his time now to this work. It is believed it will bring substantial good to the countries of Eastern Oregon and Washington.

CANVASSING FOR SUPERINTENDENCY.

M. L. Watts a U. of O. Classical Graduate, Visits the Voters.

M. L. Watts, the democratic nominee for county superintendent of schools, spent Saturday in Pendleton, in the interest of his candidacy. Mr. Watts has visited several places in the county, and will before the fourth of June quite thoroughly canvass the entire county.

Mr. Watts is a young man of educational and personal qualifications such as fit him for the duties of the office to which he aspires. He is now in his twenty-seventh year, and has the degree of A. B., from the University of Oregon, having taken the full classical course in the college of liberal arts, and regularly graduated.

Mr. Watts has taught for several years in this county, teaching first under the county superintendency of Mr. Jarvis.

These facts regarding Mr. Watt's educational qualifiations, supplemented by the personal work he is doing in the canvass, will no doubt tend to strengthen him as a candidate before the people.

Political Comment.

La Grande: An eastern paper mentions ex-minister to Siam, John Barrett, for McKinley's running mate. The brethren of the Oregon press will please unite in prayer!

Athena Press: There are republicans who will vote for T. P. Page for commissioner, for the reason that they know him to be conversant with county affairs that come before the county court. Previous experience in the same office in Walla Walla county, Washington, certainly gives him prestige over his opponent.

Baker City Democrat: If all the Oregonian correspondents are as wide of the mark as the one writing from Baker City on the political outlook, then that paper's unreliability is established. There is not one chance in a hundred for Baker county to go republican either in June or November and every republican in Baker county knows it.

Athena Press: It is said that Mr. Hinkle was forced to accept the nomination for circuit judge for the sole object of "protection." Just what protection Mr. Hinkle secures in his acceptance of the nomination is not made evident with any force to speak of. The chances are that the nomination in this instance was not long in being accepted.

Your Face.

Shows the state of your feelings and the state of your health as well. Impure blood makes itself apparent in a pale and sallow complexion, pimples and skin eruptions. If you are feeling weak and worn out and do not have a healthy appearance, you should try Acker's Blood Elixir. It cures all blood diseases where cheap Sarsaparillas and so-called purifiers fail. Knowing this, we sell every bottle on a positive guarantee. For sale by Brock & McComas.

Silver-Plated Knives, Forks and Spoons.

In buying them get the best, if you want to practice real economy. Pay a little more at the start, but considerably less in the end. If you ignore good advice, get the "cheap" elsewhere—we do not sell that class of goods—and see half a dozen chafings against the table wear through the thin film of plating and expose the disreputable brass beneath. Buy here and you get our GUARANTEE of goodness, backed by that of the manufacturer.
