GENERAL NEWS.

At a meeting of 350 Arikander women in Pretoria it was resolved to ask the government for arms and ammunition and suggest that they do the work of men officials in town, who they declared "ought to be fighting at the front." The resolution was carried unanimously.

A visitor to the anti-imperialistic league headquarters in Boston made the statement that the Dominican order of friars in the Philippines has sold its immense estates to an English syndicate, and in proof of his story exhibited a copy of the Manila Freedom, containing an account of the sale.

The Germans are forcing their way into South Africa. A correspondent of a London paper writes from Uviva, near Lake Tanganyika, that the situation there is critical. The Germans have forcibly seized all the Congo Free State territory up to Ruzizi River, occupying 3000 square miles of Congo Territory with 1000 soldiers, 15 officers and cannon.

The Methodist conference in session in Chicago turned down an effort which some of the ministers made to display the flag of Great Britain on the platform, alongside the stars and stripes. The motion was made by the Rev. Handley, of New Jersey, who called attention to the help England had given the American missionaries, but it was of no avail.

"Watch me die!" cried Paul Bursh, thirty-five years old, to pedestrians on the street as he stood at a second-story window in Philadelphia. He placed a half-pint bottle of whiskey to his lips, drained it, and before any one could reach him severed his left arm from his body with a razor. Bursh died in ten minutes from loss of blood. The suicide was a barber and had just separated from his wife after a quarrel.

BOERS ARE TREACHEROUS
They Use the White Flag to Decoy the British.

THE BOERS REPULSED AT MAKEKING
Reported Capture of Colonel Baden-Powell—English Losses—Has Mafeking Fallen?

London, May 16.—The war office posts the following from Lord Roberts: "Two officers and six men of the Prince Alfred Guards, when a few miles from Kroonstad, visited a farm giving a white flag. When near the enclosure they were fired upon by a party of Boers. Two men were killed, Lieut. Walton was wounded and Lieut. Eviston and two non-commissioned officers were taken prisoners. The owner of the farm states that the Boers threatened to shoot him when he protested against their making improper use of the white flag.

Boers Repulsed at Makekink.
 London, May 16.—A Portuguese official dispatch says: "An encounter occurred at Makekink, and the Boers have been repulsed with a heavy loss."

A telegram received here, signed by General Buller, says: "I was lucky enough to capture Baden-Powell with 90 men this morning." No credence is given this dispatch in London.

The English Losses.
 London, May 16.—The war office has issued an abstract of British casualties since the beginning of the war. This shows a total of 20,035, exclusive of sick in the field and invalids, including wounded sent home, who number 8901.

Has Mafeking Fallen?
 London, May 16.—"Food will last until about June 10," is the official word from Colonel Baden-Powell, British commander at Mafeking and sent him to Lord Roberts yesterday of May 7. Five days later the Boers attempted to storm the town and it is possible that they succeeded, although nothing is known of the attack or of its results except through Pretoria sources, which say Mafeking has fallen, but they have no confirmation here. A British relief column is due there now.

Positions of the Armies.
 The Transvaal army has taken a position at Blaauwbaachfontein near the Helbron road station, fifty miles north of Kroonstad.

Its rear guard is still holding the hills north of the Valsch river, while Boer scouts are in touch with British reconnoitering parties twenty miles north of Kroonstad.

The Boers have held a council of war at Lingley and British spies have learned that the Boers have decided to hold Harrismith as long as possible.

Lord Roberts' infantry are still at Kroonstad. Railway laborers are hard at work and engineers hope to have the line repaired within three days. The nights are bitterly cold but the days are hot.

It is estimated that the Transvaalers can muster 3,000 men on the fighting line.

Buller Occupies Glencoe.
 London, May 16.—The war office has just posted the following dispatch from General Buller: "We occupied Glencoe yesterday. The Boers have evacuated Biggarsberg. The Free States around Drakensberg are much reduced in numbers."

The occupation of Glencoe was merely the logical sequence of General Buller's advance and the Boers retiring movement. About 1000 more troops have arrived at Beira. Portuguese East Africa. Among them is Lord Durney.

Rep. Delegates Advise.
 London, May 16.—The most important development of today's war news is the statement from Cape Town, announcing that the Boer delegates had advised the Transvaalers to surrender, if defeated at Vaal. This remarkable announcement is vouchered for on the best of authority.

A Husband's Affections
They Are Worth \$25,000 According to a Philadelphia Jury.

Philadelphia, May 16.—The jury in the suit for damages brought by Mrs. Elizabeth G. Reading of Williamsport against Mrs. Anna Gazzam for alienating the affections of the former's husband rendered a verdict in favor of the plaintiff, awarding her \$25,000 damages.

The case which had been in progress in Philadelphia for nearly a week, attracted widespread attention owing to the social position of both the plaintiff and defendant. Mrs. Gazzam is the widow of State Senator Gazzam and is reported to be very wealthy. The hearing brought to the court hundreds of men and women who move in high society circles. It was testified that Charles Reading was lured from his home and family by the wiles of Mrs. Gazzam, a distant cousin, who secured for him the office of president of the Williamsport Gas Company and engaged him to perform certain business transactions for her. The defense was that the relations of Mr. Reading and Mrs. Gazzam were purely platonic and businesslike. Mr. Reading did not appear in court at any time during the trial.
