The United States transport Thomas arrived at Yokohama unexpectedly from Manila on Saturday last. ### FRIEND OF M'KINLEY.

#### Wharton Barker Calls on the President to Pay His Respects.

Washington, May 18.—Wharton Barker, nominee for president of the middle-of-the-road populists, called on President McKinley to pay his respects. Those gentlemen have known each other ever since the latter entered public life. Later, Barker said that his nomination makes the election of Bryan impossible.

"At last presidential election Bryan received about 6,500,000 votes," he said. "Of this number at least 2,000,000 were populists. This year I will get 1,500,000 or possibly 1,750,000 of that number. This will cut Bryan's vote to 5,000,000 or less. Where is he going to get other votes necessary to elect him?"

### ROBBERIES ARE FOILED.

#### Brave Engineer Refuses to Stop His Train.

St. Louis, May 18.—A special to the Post-Dispatch from Longview, Tex., says:

About midnight while the through passenger train on the Texas & Pacific was taking water at Glad creek, near here, an attempt was made to rob the train.

Frank Royse on Trial.

Walla Walla, May 18.—This is the fourth day of the trial here of Frank Royse, charged with the murder of his grandfather, Benjamin F. Royse, at Dixie several weeks ago. The evidence is very strong against the prisoner and he is little doubt of his conviction. B. F. Royse is the man who was swindled out of \$5000 by dummy steers at Walla Walla some months ago. It appears that Frank Royse shot and killed him largely because of meanness coupled with the fact that he exacted the money the old man had been swindled out of. One witness testified that young Royse had been heard to say he would "fix the old man" for losing the money.

### CASE OF SENATOR CLARK

#### Governor Smith Declares Appointment Secured by Fraud.

#### DESIRES TO MAKE A STATEMENT

#### The Senate Committee Will Press Action on the Clark Resolution as Originally Reported.

Washington, May 18.—The senate committee on privileges and elections has directed Chairman Chandler to press action on the Clark resolution, as originally reported.

A dispatch was read to the committee, from Governor Smith, of Montana, saying: "I desire to present a protest against the course pursued by W. A. Clark in attempting to defeat the action of the senate of the United States, and protest against the methods pursued by him in securing appointment at the hands of the lieutenant-governor during my absence from the state, under circumstances which indicate collusion and fraud. His conduct, in attempting resignation and procuring reappointment, if the matter was before a court of justice, would be considered a contempt of court on his part. I trust that upon presentation of his credentials that the same be transferred to the committee on privileges and elections for investigation, and that he be permitted to make complete and detailed statement of the facts concerning the resignation and appointment of Clark."

Case Goes Over Until Monday.

Washington, May 18.—An agreement has been reached between the members of the senate committee on privileges and elections, and the friends of Senator Clark that the matter shall go over until next Monday.

### THE POSTAL SCANDAL.

#### The Principal Charges Against Havana Postmaster.

Havana, May 1.—The principal charges against the Havana postmaster, E. P. Thompson, who, with W. H. Reeves, deputy auditor of the island and Edward Moay and Jorge Mascaro, Cuban clerks in the stamp department was arrested Wednesday, will be that he entered a conspiracy with Cordean Rich, clerk, who has acknowledged many of the transactions and will give evidence for the government, to shield C. An Accomplice of Neely's.

Havana, May 18.—W. H. Reeves, the deputy ambassador of the island, made a confession today, and gave up \$4000, given to him by Neely, the financial agent of the posts, at Havana, to perform certain services for him the day he left the island.

### NIGHT PARADE ON THE FOURTH.

Chairman Hexter of that Committee Has a Good Plan.

Harry L. Hexter, chairman of the committee on the night parade for the Fourth of July, has begun to work out the ideas for the event and has a plan that will appeal to everyone as a very good one. He proposes that every lodge and secret order represented in the county have a float in the parade, illuminated in some manner and so far as possible illustrating the principles of the order. He believes that not only every lodge in Pendleton but in Umatilla county be invited to participate. It is suggested that in all cases in which more than one lodge of an order is in existence in the county in some manner they join forces and thus make the float the greater success. If Mr. Hexter's idea be taken up by the lodges a display of fraternal orders will be made that in itself would make the night parade a signal success.

In lieu of the usual lot of miscellaneous fireworks, it is the idea of the chairman that an immense number of Roman candles be purchased and placed in the hands of those who are in the parade. Certainly, the parade can be made the feature of the celebration if these plans are carried out. Mr. Hexter will use all his efforts to do so, and will appoint efficient assistants on the committee.
