Hendley's Baker City Warehouse. The Baker City correspondent of the Portland Oregonian writes this concerning the warehouse owned by F. W. Hendley, of this city, in Baker City: "Every day there is a small army of freight teams drawn up on each side of the building, awaiting their turn to load freight for their respective towns. From a dozen to 15 teams, with a capacity of about 20,000 pounds each, is no unusual sight to see at the warehouse. The manager says that for the past two weeks there was not an hour in the day when a team was not lined up in front of the main entrance. "A good portion of this freight is hauled to Prairie City, John Day and way towns; also some for the Cornucopia and Sparta districts."

PENDLETON DELEGATES HONORED.

Grand Lodge at Astoria Will Come to Baker City Next Year.

Pendleton, as usual, received high honors at the hands of the grand lodge of Odd Fellows at Astoria, during the meeting last week. The delegates returned home, Mr. and Mrs. R. Alexander and T. F. Howard Sunday morning.

Mrs. Halsey Saturday, Mrs. Ritton this morning, J. H. Lawrey remaining in Portland. R. Alexander, in speaking of the grand lodge sessions, said: "Astoria people made the grand lodge sessions very pleasant, this year, and every delegate in attendance came away with expressions of appreciation for the cordial welcome and hospitable entertainment accorded. Certainly, Pendleton has every reason to feel satisfied with the honors given her representatives, as will be seen from this: J. H. Lawrey, of Kureka lodge, was elected to the office of grand conductor of the grand lodge of Odd Fellows; T. F. Howard, of the Pendleton Encampment, was chosen to the position of grand junior warden; and Mrs. Halsey was elected to the office of grand marshal.

"All the Odd Fellows who were at the meeting of the grand lodge a few years ago would doubtless have been anxious to come again next year for the grand lodge, but when the matter came up, although there had been some talk regarding securing it for Pendleton for 1901, Baker City had made a request that the delegates vote for her. I felt that, inasmuch as this place had had the grand lodge once, and Baker City had never had the meeting that town was entitled to have it the coming year. Hence, I threw the influence I could to Baker City. I am sure this will be endorsed by the Pendleton Odd Fellows."

Mr. Alexander's action has been endorsed, as he said, by members of the order since he returned home, and

Rolling Mill Consumption

Seen out of every ten men who work in rolling mills, five have rheumatism and five have consumption. You have two out of five in the same way. The total system is a failing, persistent cough—sometimes short and hoarse, sometimes long and dry. The patient sweats and thunders day by day. Death eventually comes. The trouble comes from the lungs and the chronic inflammation of the fine particles of dust and iron that fill the air. The particles, after a shower, are ragged, sharp edges, which tear and irritate the fine particles of the lungs and form. Personal safety is thus formed, and here it is that the cure of consumption and a cure in food and medicine. Asker's English Remedy was discovered in England, and is the only cure in the world for Rolling Mill Consumption. It stops the cough, strengthens the various membranes of the breathing organs, permanently stops the cough, builds up the constitution and fortifies the whole system. It must either cure it or it will not. You have tried other remedies. Try it. What it has done for many others it will also do for you and your loved ones.

Sold in 25c, 50c, and \$1 a bottle throughout the United States and Canada, and in England at 1s, 2s, 3s, and 4s. If you are not satisfied after trying, return the bottle to your druggist, and get your money back.
